
UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, DC 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended **March 31, 2019**

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number **001-35877**

**HANNON ARMSTRONG SUSTAINABLE INFRASTRUCTURE CAPITAL,
INC.**

(Exact name of registrant as specified in its charter)

Maryland

(State or other jurisdiction of
incorporation or organization)

46-1347456

(I.R.S. Employer
Identification No.)

**1906 Towne Centre Blvd, Suite 370
Annapolis, Maryland**

(Address of principal executive offices)

21401

(Zip code)

(410) 571-9860

(Registrant's telephone number, including area code)

N/A

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Securities registered pursuant to Section 12(b) of the Exchange Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, \$0.01 per value per share	HASI	New York Stock Exchange

Indicate the number of shares outstanding of each of the issuer's classes of common stock as of the latest practicable date: 63,861,385 shares of common stock, par value \$0.01 per share, outstanding as of April 29, 2019 (which includes 985,747 shares of unvested restricted common stock).

FORWARD-LOOKING STATEMENTS

We make forward-looking statements in this Quarterly Report on Form 10-Q (“Form 10-Q”) within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) that are subject to risks and uncertainties. For these statements, we claim the protections of the safe harbor for forward-looking statements contained in such Sections. These forward-looking statements include information about possible or assumed future results of our business, financial condition, liquidity, results of operations, plans and objectives. When we use the words “believe,” “expect,” “anticipate,” “estimate,” “plan,” “continue,” “intend,” “should,” “may” or similar expressions, we intend to identify forward-looking statements.

Forward-looking statements are subject to significant risks and uncertainties. Investors are cautioned against placing undue reliance on such statements. Actual results may differ materially from those set forth in the forward-looking statements. Factors that could cause actual results to differ materially from those described in the forward-looking statements are contained in our Annual Report on Form 10-K for the year ended December 31, 2018, as amended by our Amendment No. 1 to our Annual Report on Form 10-K for the year ended December 31, 2018 (collectively, our “2018 Form 10-K”) that was filed with the U.S. Securities and Exchange Commission (the “SEC”), and include risks discussed in the Management’s Discussion and Analysis of Financial Condition and Results of Operations of this Form 10-Q and in other periodic reports that we file with the SEC. Statements regarding the following subjects, among others, may be forward-looking:

- our expected returns and performance of our investments;
- the state of government legislation, regulation and policies that support or enhance the economic feasibility of sustainable infrastructure projects, including energy efficiency and renewable energy projects and the general market demands for such projects;
- market trends in our industry, energy markets, commodity prices, interest rates, the debt and lending markets or the general economy;
- our business and investment strategy;
- availability of opportunities to invest in projects that reduce carbon emissions or increase resilience to climate change including energy efficiency and renewable energy projects and our ability to complete potential new opportunities in our pipeline;
- our relationships with originators, investors, market intermediaries and professional advisers;
- competition from other providers of capital;
- our or any other companies’ projected operating results;
- actions and initiatives of the federal, state and local governments and changes to federal, state and local government policies, regulations, tax laws and rates and the execution and impact of these actions, initiatives and policies;
- the state of the U.S. economy generally or in specific geographic regions, states or municipalities, economic trends and economic recoveries;
- our ability to obtain and maintain financing arrangements on favorable terms, including securitizations;
- general volatility of the securities markets in which we participate;
- changes in the value of our assets, our portfolio of assets and our investment and underwriting process;
- the impact of weather conditions, natural disasters, accidents or equipment failures or other events that disrupt the operation of our investments or negatively impact the value our assets;
- rates of default or decreased recovery rates on our assets;
- interest rate and maturity mismatches between our assets and any borrowings used to fund such assets;
- changes in interest rates, including the flattening of the yield curve, and the market value of our assets and target assets;
- changes in commodity prices, including continued low natural gas prices;
- effects of hedging instruments on our assets or liabilities;
- the degree to which our hedging strategies may or may not protect us from risks, such as interest rate volatility;
- impact of and changes in accounting guidance;

- our ability to maintain our qualification as a real estate investment trust ("REIT") for U.S. federal income tax purposes;
- our ability to maintain our exemption from registration under the Investment Company Act of 1940, as amended (the "1940 Act");
- availability of and our ability to attract and retain qualified personnel;
- estimates relating to our ability to generate sufficient cash in the future to operate our business and to make distributions to our stockholders; and
- our understanding of our competition.

Forward-looking statements are based on beliefs, assumptions and expectations as of the date of this Form 10-Q. Any forward-looking statement speaks only as of the date on which it is made. New risks and uncertainties arise over time, and it is not possible for us to predict those events or how they may affect us. Except as required by law, we are not obligated to, and do not intend to, update or revise any forward-looking statements after the date of this Form 10-Q, whether as a result of new information, future events or otherwise.

The risks included here are not exhaustive. Other sections of this Form 10-Q or our 2018 Form 10-K may include additional factors that could adversely affect our business and financial performance. Moreover, we operate in a very competitive and rapidly changing environment. New risk factors emerge from time to time and it is not possible for management to predict all such risk factors, nor can it assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as a prediction of actual results.

The following discussion is a supplement to and should be read in conjunction with our 2018 Form 10-K.

HANNON ARMSTRONG SUSTAINABLE INFRASTRUCTURE CAPITAL, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)
March 31, 2019

1. The Company

Hannon Armstrong Sustainable Infrastructure Capital, Inc. (the "Company") focuses on making investments in climate change solutions by providing capital to the leading companies in the energy efficiency, renewable energy and other sustainable infrastructure markets. Our goal is to generate attractive returns for our stockholders by investing in a diversified portfolio of investments that generate long-term, recurring and predictable cash flows from proven commercial technologies.

The Company and its subsidiaries are hereafter referred to as "we," "us," or "our." Our investments take various forms, including equity, joint ventures, lending or other financing transactions, as well as land ownership and typically benefit from contractually committed high credit quality obligors. We also generate on-going fees through gain-on-sale securitization transactions, advisory services and asset management. We refer to the income producing assets that we hold on our balance sheet as our "Portfolio." Our Portfolio may include:

- Equity in either preferred or common structures in unconsolidated entities;
- Government and commercial receivables, such as loans for renewable energy and energy efficiency projects;
- Real estate, such as land or other assets leased for use by sustainable infrastructure projects typically under long-term leases; and
- Investments in debt securities of renewable energy or energy efficiency projects.

We finance our business through cash on hand, borrowings under credit facilities and debt transactions, asset-backed securitization transactions and equity issuances. We also generate fee income through securitizations and syndications, by providing broker/dealer services and by managing and servicing assets owned by third parties. Some of our subsidiaries are special purpose entities that are formed for specific operations associated with investing in sustainable infrastructure receivables for specific long-term contracts.

Our common stock is listed on the New York Stock Exchange ("NYSE") under the symbol "HASI." We have qualified as a real estate investment trust ("REIT") and also intend to continue to operate our business in a manner that will maintain our exemption from registration as an investment company under the 1940 Act, as amended. We operate our business through, and serve as the sole general partner of, our operating partnership subsidiary, Hannon Armstrong Sustainable Infrastructure, L.P., (the "Operating Partnership"), which was formed to acquire and directly or indirectly own our assets.

2. Summary of Significant Accounting Policies

Basis of Presentation

The preparation of financial statements in accordance with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates and such differences could be material. These financial statements have been prepared in accordance with the instructions to Form 10-Q and should be read in conjunction with the consolidated financial statements and notes thereto included in our annual report on Form 10-K for the year ended December 31, 2018, as filed with the SEC. In the opinion of management, all adjustments necessary to present fairly our financial position, results of operations and cash flows have been included. Our results of operations for the quarterly period ended March 31, 2019, are not necessarily indicative of the results to be expected for the full year or any other future period. Certain information and footnote disclosures normally included in our annual consolidated financial statements have been condensed or omitted. Certain amounts in the prior years have been reclassified to conform to the current year presentation.

The consolidated financial statements include our accounts and controlled subsidiaries, including the Operating Partnership. All significant intercompany transactions and balances have been eliminated in consolidation.

Following the guidance for non-controlling interests in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 810, *Consolidation* ("ASC 810"), references in this report to our earnings per share and our net

income and stockholders' equity attributable to common stockholders do not include amounts attributable to non-controlling interests.

Consolidation and Equity Method Investments

We account for our investments in entities that are considered voting interest entities or variable interest entities ("VIEs") under ASC 810 and assess whether we should consolidate these entities on an ongoing basis. We have established various special purpose entities or securitization trusts for the purpose of securitizing certain receivables or other debt investments which are not consolidated in our financial statements as described in Securitization of Receivables below.

Substantially all of the activities of the special purpose entities that are formed for the purpose of holding our government and commercial receivables and investments on our balance sheet are closely associated with our activities. Based on our assessment, we determined that we have power over and receive the benefits of these special purpose entities; hence, we are the primary beneficiary and should consolidate these entities under the provisions of ASC 810.

We have made equity investments in various renewable energy projects. Our renewable energy projects are typically owned in holding companies (using limited liability companies ("LLCs") taxed as partnerships) where we partner with either the operator of the project or other institutional investors. We share in the cash flows, income, and tax attributes according to a negotiated schedule (which typically does not correspond with our ownership percentages) and we typically receive a stated preferred return consisting of a priority distribution of all or a portion of the project's cash flows, and in some cases, tax attributes. Once our preferred return, if applicable, is achieved, the partnership "flips" and the operator of the project, receives a larger portion of the cash flows through its interest in the holding company and we, along with any other institutional investors, will have an on-going residual interest.

These equity investments in renewable energy projects are accounted for under the equity method of accounting. Certain of our equity method investments were determined to be VIEs in which we are not the primary beneficiary, as we do not direct the significant activities of those entities in which we invest. Our maximum exposure to loss associated with the continued operation of the underlying projects in our equity method investments is limited to our recorded value of our investments. Under the equity method of accounting, the carrying value of these equity method investments is determined based on amounts we invested, adjusted for the equity in earnings or losses of the investee allocated based on the LLC agreement, less distributions received. For the LLC agreements which contain preferences with regard to cash flows from operations, capital events and liquidation, we reflect our share of profits and losses by determining the difference between our claim on the investee's book value at the beginning and the end of the period, which is adjusted for distributions received and contributions made. This claim is calculated as the amount we would receive (or be obligated to pay) if the investee were to liquidate all of its assets at recorded amounts determined in accordance with GAAP and distribute the resulting cash to creditors and investors in accordance with their respective priorities. This method is commonly referred to as the hypothetical liquidation at book value method or ("HLBV"). Any difference between the amount of our investment and the amount of underlying equity in net assets is generally amortized over the life of the assets and liabilities to which the difference relates. Cash distributions received from these equity method investments are classified as operating activities to the extent of cumulative HLBV earnings in our consolidated statements of cash flows. We have elected to recognize earnings from these investments one quarter in arrears to allow for the receipt of financial information.

We have also made an investment in a joint venture which holds land under solar projects that we have determined to be a voting interest entity. This investment entitles us to receive an equal percentage of both cash distributions and profit and loss under the terms of the LLC operating agreement. The investment is accounted for under the equity method of accounting with our portion of income being recognized in income (loss) from equity method investments in the period in which the income is earned. Cash distributions received from this equity method investment are classified as operating activities to the extent of cumulative earnings in our consolidated statements of cash flows. Our initial investment and additional cash distributions beyond that which are classified as operating activities are classified as investing activities in our consolidated statements of cash flows.

We evaluate on a quarterly basis whether our investments accounted for using the equity method have an other than temporary impairment ("OTTI"). An OTTI occurs when the estimated fair value of an investment is below the carrying value and the difference is determined to not be recoverable. This evaluation requires significant judgment regarding, but not limited to, the severity and duration of the impairment; the ability and intent to hold the securities until recovery; financial condition, liquidity, and near-term prospects of the issuer; specific events; and other factors.

Government and Commercial Receivables

Government and commercial receivables ("receivables"), include project loans and receivables. These receivables are separately presented in our balance sheet to illustrate the differing nature of the credit risk related to these assets. Unless otherwise noted, we generally have the ability and intent to hold our receivables for the foreseeable future and thus they are classified as held for investment. Our ability and intent to hold certain receivables may change from time to time depending on

a number of factors, including economic, liquidity and capital market conditions. At inception of the arrangement, the carrying value of receivables held for investment represents the present value of the note, lease or other payments, net of any unearned fee income, which is recognized as income over the term of the note or lease using the effective interest method. Receivables that are held for investment are carried, unless deemed impaired, at amortized cost, net of any unamortized acquisition premiums or discounts and include origination and acquisition costs, as applicable. Our initial investment and principal repayments of these receivables are classified as investing activities and the interest collected is classified as operating activities in our consolidated statements of cash flows. Receivables that we intend to sell in the short-term are classified as held-for-sale and are carried at the lower of amortized cost or fair value on our balance sheet. The net purchases and proceeds from receivables that we intend to sell at origination are classified as operating activities in our consolidated statements of cash flows, otherwise the net purchases and proceeds are classified as investing activities. Interest collected is classified as an operating activity in our consolidated statements of cash flows. Certain of our receivables may include the ability to defer required interest payments in exchange for increasing the receivable balance at the borrower's option. We generally accrue this paid-in-kind ("PIK") interest when collection is expected, and cease accruing PIK interest if there is insufficient value to support the accrual or we expect that any portion of the principal or interest due is not collectible.

We evaluate our receivables for potential delinquency or impairment on at least a quarterly basis and more frequently when economic or other conditions warrant such an evaluation. When a receivable becomes 90 days or more past due, and if we otherwise do not expect the debtor to be able to service all of its debt or other obligations, we will generally consider the receivable delinquent or impaired and place the receivable on non-accrual status and cease recognizing income from that receivable until the borrower has demonstrated the ability and intent to pay contractual amounts due. If a receivable's status significantly improves regarding the debtor's ability to service the debt or other obligations, we will remove it from non-accrual status.

A receivable is also considered impaired as of the date when, based on current information and events, it is determined that it is probable that we will be unable to collect all amounts due in accordance with the original contracted terms. Many of our receivables are secured by energy efficiency and renewable energy infrastructure projects. Accordingly, we regularly evaluate the extent and impact of any credit deterioration associated with the performance and value of the underlying project, as well as the financial and operating capability of the borrower, its sponsors or the obligor as well as any guarantors. We consider a number of qualitative and quantitative factors in our assessment, including, as appropriate, a project's operating results, loan-to-value ratio, any cash reserves, the ability of expected cash from operations to cover the cash flow requirements currently and into the future, key terms of the transaction, the ability of the borrower to refinance the transaction, other credit support from the sponsor or guarantor and the project's collateral value. In addition, we consider the overall economic environment, the sustainable infrastructure sector, the effect of local, industry, and broader economic factors, the impact of any variation in weather and the historical and anticipated trends in interest rates, defaults and loss severities for similar transactions.

If a receivable is considered to be impaired, we will determine if an allowance should be recorded. We will record an allowance if the present value of expected future cash flows discounted at the receivable's contractual effective rate is less than its carrying value. This estimate of cash flows may include the currently estimated fair market value of the collateral less estimated selling costs if repayment is expected from the collateral. We charge off receivables against the allowance, if any, when we determine the unpaid principal balance is uncollectible, net of recovered amounts.

Real Estate

Real estate consists of land or other real estate and its related lease intangibles, net of any amortization. Our real estate is generally leased to tenants on a triple net lease basis, whereby the tenant is responsible for all operating expenses relating to the property, generally including property taxes, insurance, maintenance, repairs and capital expenditures. Certain real estate transactions may be characterized as "failed sale-leaseback" transactions as defined under ASC Topic 842 ("Topic 842"), *Leases*, and thus are accounted for similar to our Commercial Receivables as described above in Government and Commercial Receivables.

For our other real estate lease transactions that are classified as operating leases, the scheduled rental revenue typically varies during the lease term and thus rental income is recognized on a straight-line basis, unless there is considerable risk as to collectability, so as to produce a constant periodic rent over the term of the lease. Accrued rental income is the aggregate difference between the scheduled rents which vary during the lease term and the income recognized on a straight-line basis and is recorded in other assets. Expenses, if any, related to the ongoing operation of leases where we are the lessor, are charged to operations as incurred. Our initial investment is classified as investing activities and income collected for rental income is classified as operating activities in our consolidated statements of cash flows.

When our real estate transactions are treated as an asset acquisition with an operating lease, we typically record our real estate purchases as asset acquisitions that are recorded at cost, including acquisition and closing costs, which is allocated to each tangible and intangible asset acquired on a relative fair value basis.

The fair value of the tangible assets of an acquired leased property is determined by valuing the property as if it were vacant, and the “as-if-vacant” value is then allocated to land, building and tenant improvements, if any, based on the determination of the fair values of these assets. The as-if-vacant fair value of a property is typically determined by management based on appraisals by a qualified appraiser. In determining the fair value of the identified intangibles of an acquired property, above-market and below-market in-place lease values are valued based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases, and (ii) management’s estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining term of the lease, including renewal periods likely of being exercised by the lessee.

The capitalized above-market lease values are amortized as a reduction of rental income and the capitalized below-market lease values are amortized as an increase to rental income, both of which are amortized over the term used to value the intangible. We also record, as appropriate, an intangible asset for in-place leases. The value of the leases in place at the time of the transaction is equal to the potential income lost if the leases were not in place. The amortization of this intangible occurs over the initial term unless management believes that it is likely that the tenant would exercise the renewal option, in which case the amortization would extend through the renewal period. If a lease were to be terminated, all unamortized amounts relating to that lease would be written off.

Investments

Investments are debt securities that meet the criteria of ASC 320, *Investments-Debt and Equity Securities*. We have designated our debt securities as available-for-sale and carry these securities at fair value on our balance sheet. Unrealized gains and losses, to the extent not considered to have an OTTI, on available-for-sale debt securities are recorded as a component of accumulated other comprehensive income (“AOCI”) in equity on our balance sheet. Our initial investment and principal repayments of these investments are classified as investing activities and the interest collected is classified as operating activities in our consolidated statements of cash flows.

We evaluate our investments for OTTI on at least a quarterly basis, and more frequently when economic or market conditions warrant such an evaluation. Our OTTI assessment is a subjective process requiring the use of judgments and assumptions. Accordingly, we regularly evaluate the extent and impact of any credit deterioration associated with the financial and operating performance and value of the underlying project. We consider a number of qualitative and quantitative factors in our assessment. We first consider the current fair value of the security and the duration of any unrealized loss. Other factors considered include changes in the credit rating, performance of the underlying project, key terms of the transaction, the value of any collateral and any support provided by the sponsor or guarantor.

To the extent that we have identified an OTTI for a security and intend to hold the investment to maturity and we do not expect that we will be required to sell the security prior to recovery of the amortized cost basis, we recognize only the credit component of the OTTI in earnings. We determine the credit component using the difference between the security’s amortized cost basis and the present value of its expected future cash flows, discounted using the effective interest method or its estimated collateral value. Any remaining unrealized loss due to factors other than credit is recorded in AOCI.

To the extent we hold investments with an OTTI and if we have made the decision to sell the security or it is more likely than not that we will be required to sell the security prior to recovery of its amortized cost basis, we recognize the entire portion of the impairment in earnings.

Premiums or discounts on investment securities are amortized or accreted into interest income using the effective interest method.

Securitization of Receivables

We have established various special purpose entities or securitization trusts for the purpose of securitizing certain receivables or investments. We determined that the trusts used in securitizations are VIEs, as defined in ASC 810. We typically serve as primary or master servicer of these trusts; however, as the servicer, we do not have the power to make significant decisions impacting the performance of the trusts. Based on an analysis of the structure of the trusts, we have concluded that we are not the primary beneficiary of the trusts as we do not have power over the trusts’ significant activities. Therefore, we do not consolidate these trusts in our consolidated financial statements.

We account for transfers of receivables or investments to these securitization trusts as sales pursuant to ASC 860, *Transfers and Servicing*, when we have concluded the transferred receivables have been isolated from the transferor (i.e., put presumptively beyond the reach of the transferor and its creditors, even in bankruptcy or other receivership) and we have surrendered control over the transferred receivables. We have received true-sale-at-law opinions for all of our securitization trust structures and non-consolidation legal opinions for all but one legacy securitization trust structure that support our conclusion regarding the transferred receivables. When we sell receivables in securitizations, we generally retain interests in the form of servicing rights and residual assets, which we refer to as securitization assets.

Gain or loss on the sale of receivables is calculated based on the excess of the proceeds received from the securitization (less any transaction costs) plus any retained interests obtained over the cost basis of the receivables sold. For retained interests, we generally estimate fair value based on the present value of future expected cash flows using our best estimates of the key assumptions of anticipated losses, prepayment rates, and current market discount rates commensurate with the risks involved. Cash flows related to our securitizations at origination are classified as operating activities in our consolidated statements of cash flows.

We initially account for all separately recognized servicing assets and servicing liabilities at fair value and subsequently measure such servicing assets and liabilities using the amortization method. Servicing assets and liabilities are amortized in proportion to, and over the period of, estimated net servicing income with servicing income recognized as earned. We assess servicing assets for impairment at each reporting date. If the amortized cost of servicing assets is greater than the estimated fair value, we will recognize an impairment in net income.

Our other retained interest in securitized assets, the residual assets, are accounted for as available-for-sale securities and carried at fair value on the consolidated balance sheets in other assets. We generally do not sell our residual assets. Our residual assets are evaluated for impairment on a quarterly basis. Interest income related to the residual assets is recognized using the effective interest rate method. If there is a change in the expected cash flows related to the residual assets, we calculate a new yield based on the current amortized cost of the residual assets and the revised expected cash flows. This yield is used prospectively to recognize interest income.

Cash and Cash Equivalents

Cash and cash equivalents include short-term government securities, certificates of deposit and money market funds, all of which had an original maturity of three months or less at the date of purchase. These securities are carried at their purchase price, which approximates fair value.

Restricted Cash

Restricted cash includes cash and cash equivalents set aside with certain lenders primarily to support deferred funding and other obligations outstanding as of the balance sheet dates. Restricted cash is reported as part of other assets in the consolidated balance sheets. Refer to Note 3 for disclosure of the balances of restricted cash included in other assets.

Convertible Notes

We have issued convertible senior notes that are accounted for in accordance with ASC 470-20, *Debt with Conversion and Other Options*, and ASC 815, *Derivatives and Hedging* ("ASC 815"). Under ASC 815, issuers of certain convertible debt instruments are generally required to separately account for the conversion option of the convertible debt instrument as either a derivative or equity, unless it meets the scope exemption for contracts indexed to, and settled in, an issuer's own equity. Since this conversion option is both indexed to our equity and can only be settled in our common stock, we have met the scope exemption, and therefore, we are not separately accounting for the embedded conversion option. The initial issuance and any principal repayments are classified as financing activities and interest payments are classified as operating activities in our consolidated statements of cash flows.

Income Taxes

We elected and qualified to be taxed as a REIT for U.S. federal income tax purposes, commencing with our taxable year ended December 31, 2013. We also have taxable REIT subsidiaries ("TRSs") which are taxed separately, and which will generally be subject to U.S. federal, state, and local income taxes as well as taxes of foreign jurisdictions, if any. To qualify as a REIT, we must meet on an ongoing basis a number of organizational and operational requirements, including a requirement that we currently distribute at least 90% of our REIT's net taxable income before dividends paid, excluding capital gains, to our stockholders. As a REIT, we are not subject to U.S. federal corporate income tax on that portion of net income that is currently distributed to our owners.

We account for income taxes under ASC 740, *Income Taxes* ("ASC 740") for our TRSs using the asset and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to the differences between the consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities from a change in tax rates is recognized in earnings in the period when the new rate is enacted. We evaluate any deferred tax assets for valuation allowances based on an assessment of available evidence including sources of taxable income, prior years taxable income, any existing taxable temporary differences and our future investment and business plans that may give rise to taxable income. We treat any tax credits we receive from our equity investments in renewable energy projects as reductions of federal income taxes of the year in which the credit arises.

We apply ASC 740 with respect to how uncertain tax positions should be recognized, measured, presented, and disclosed in the financial statements. This guidance requires the accounting and disclosure of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are “more likely than not” to be sustained by the applicable tax authority. We are required to analyze all open tax years, as defined by the statute of limitations, for all major jurisdictions, which includes U.S. federal and certain states.

Equity-Based Compensation

In 2013, we adopted the 2013 Hannon Armstrong Sustainable Infrastructure Capital, Inc. Equity Incentive Plan (as amended, the “2013 Plan”), which provides for grants of stock options, stock appreciation rights, restricted stock units, shares of restricted common stock, phantom shares, dividend equivalent rights, long-term incentive-plan units (“LTIP units”) and other restricted limited partnership units issued by our Operating Partnership and other equity-based awards. From time to time, we may make equity or equity based awards as compensation to members of our senior management team, our independent directors, employees, advisors, consultants and other personnel under our 2013 Plan. Certain awards earned under the plan are based on achieving various performance targets, which are generally earned between 0% and 200% of the initial target, depending on the extent to which the performance target is met.

We record compensation expense for grants made under the 2013 Plan in accordance with ASC 718, *Compensation-Stock Compensation*. We record compensation expense for unvested grants that vest solely based on service conditions on a straight-line basis over the vesting period of the entire award based upon the fair market value of the grant on the date of grant. Fair market value for restricted common stock is based on our share price on the date of grant. For awards where the vesting is contingent upon achievement of certain performance targets, compensation expense is measured based on the fair market value on the grant date and is recorded over the requisite service period (which includes the performance period). Actual performance results at the end of the performance period determines the number of shares that will ultimately be awarded. We have also issued awards where the vesting is contingent upon service being provided for a defined period and certain market conditions being met. The fair value of these awards, as measured at the grant date, is recognized over the requisite service period, even if the market conditions are not met. The grant date fair value of these awards was developed by an independent appraiser using a Monte Carlo simulation.

Earnings Per Share

We compute earnings per share of common stock in accordance with ASC 260, *Earnings Per Share*. Basic earnings per share is calculated by dividing net income attributable to controlling stockholders (after consideration of the earnings allocated to unvested grants under the 2013 Plan, if applicable) by the weighted-average number of shares of common stock outstanding during the period excluding the weighted average number of unvested grants under the 2013 Plan, if applicable (“participating securities” as defined in Note 12). Diluted earnings per share is calculated by dividing net income attributable to controlling stockholders (after consideration of the earnings allocated to unvested grants under the 2013 Plan, if applicable) by the weighted-average number of shares of common stock outstanding during the period plus other potential common stock instruments if they are dilutive. Other potentially dilutive common stock instruments include our unvested restricted stock, other equity-based awards, and convertible notes. The restricted stock and other equity-based awards are included if they are dilutive using the treasury stock method. The treasury stock method assumes that theoretical proceeds received for future service provided is used to purchase treasury stock at our stock’s average market price, which is deducted from the amount of stock included in the calculation. When unvested grants are dilutive, the earnings allocated to these dilutive unvested grants are not deducted from the net income attributable to controlling stockholders when calculating diluted earnings per share. The convertible notes are included if they are dilutive using the if-converted method. The if-converted method removes interest expense related to the convertible notes from the net income attributable to controlling stockholders and includes the weighted average shares over the period issuable upon conversion of the note. No adjustment is made for shares that are anti-dilutive during a period.

Segment Reporting

We make equity and debt investments in the energy efficiency, renewable energy, and other sustainable infrastructure markets. We manage our business as a single portfolio and report all of our activities as one business segment.

Recently Issued Accounting Pronouncements

Leases

In February 2016, the FASB issued guidance codified in ASC Topic 842, which amends the guidance in former ASC Topic 840 *Leases*. The main principle of Topic 842 requires lessees to recognize the assets and liabilities that arise from nearly all leases on the balance sheet. Lessor accounting remains relatively consistent with some changes to align Topic 842 with ASC Topic 606, *Revenue from Contracts with Customers*, including changes to the guidance on classification of real estate lease transactions. The standard is effective for interim and annual reporting periods beginning after December 15, 2018, with early adoption permitted. Topic 842 provides companies with a choice of transitioning to the new standard using one of two modified

retrospective transition approaches; one that requires companies to adjust comparative periods upon adoption and another where the impact of adoption is reflected in retained earnings and comparative periods are not adjusted.

We have adopted Topic 842 effective January 1, 2019 and have elected to apply the new leases standard at the adoption date and recognize a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption. We have also elected the package of practical expedients which allowed us to not reassess (1) whether existing contracts contain leases, (2) the lease classification for existing leases, and (3) whether existing initial direct costs meet the new definition. The adoption of Topic 842 did not have a material impact on our financial statements. Subsequent to adoption of Topic 842, due to the changes in the lessor rules for classification of real estate leasing transactions, certain of our real estate leasing transactions may be accounted for as commercial receivables rather than being treated as real estate asset acquisitions with operating leases.

Credit Losses

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments—Credit Losses—Measurement of Credit Losses on Financial Instruments* ("Topic 326"). Topic 326 significantly changes how entities will measure credit losses for most financial assets and certain other instruments that are not measured at fair value through net income. Topic 326 will replace the "incurred loss" approach under existing guidance with an "expected loss" model for instruments measured at amortized cost, and require entities to record allowances for expected losses from available-for-sale debt securities rather than reduce the amortized cost, as currently required. It also simplifies the accounting model for purchased credit-impaired debt securities and loans. Topic 326 is effective for fiscal years beginning after December 15, 2019 and is to be adopted through a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective. We are currently evaluating the impact the adoption of Topic 326 will have on our consolidated financial statements and related disclosures.

Other accounting standards updates issued before May 2, 2019, and effective after March 31, 2019, are not expected to have a material effect on our consolidated financial statements and related disclosures.

3. Fair Value Measurements

Fair value is defined as the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The fair value accounting guidance provides a three-level hierarchy for classifying financial instruments. The levels of inputs used to determine the fair value of our financial assets and liabilities carried on the balance sheet at fair value and for those which only disclosure of fair value is required are characterized in accordance with the fair value hierarchy established by ASC 820, Fair Value Measurements. Where inputs for a financial asset or liability fall in more than one level in the fair value hierarchy, the financial asset or liability is classified in its entirety based on the lowest level input that is significant to the fair value measurement of that financial asset or liability. We use our judgment and consider factors specific to the financial assets and liabilities in determining the significance of an input to the fair value measurements. As of March 31, 2019 and December 31, 2018, only our residual assets related to our securitization trusts, interest rate swaps and investments, if any, were carried at fair value on the consolidated balance sheets on a recurring basis. The three levels of the fair value hierarchy are described below:

- Level 1 — Quoted prices (unadjusted) in active markets that are accessible at the measurement date.
- Level 2 — Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.
- Level 3 — Unobservable inputs are used when little or no market data is available.

The tables below illustrate the estimated fair value of our financial instruments on our balance sheet. Unless otherwise discussed below, fair value for our Level 2 and Level 3 measurements is measured using a discounted cash flow model, contractual terms and inputs which consist of base interest rates and spreads over base rates which are based upon market observation and recent comparable transactions. An increase in these inputs would result in a lower fair value and a decline would result in a higher fair value. Our convertible notes are valued using a market based approach and observable prices. The receivables held-for-sale, if any, are carried at the lower of cost or fair value.

As of March 31, 2019				
	Fair Value		Carrying Value	Level
<i>(in millions)</i>				
Assets				
Government receivables	\$ 463	\$	464	Level 3
Commercial receivables	449		454	Level 3
Investments ⁽¹⁾	178		178	Level 3
Securitization residual assets ⁽²⁾	77		77	Level 3
Liabilities				
Credit facilities ⁽³⁾	\$ 283	\$	283	Level 3
Non-recourse debt ⁽³⁾	828		831	Level 3
Convertible notes ⁽³⁾	153		151	Level 2

(1) The amortized cost of our investments as of March 31, 2019, was \$179 million.

(2) Included in other assets on the consolidated balance sheet.

(3) Fair value and carrying value exclude unamortized debt issuance costs.

As of December 31, 2018				
	Fair Value		Carrying Value	Level
<i>(in millions)</i>				
Assets				
Government receivables	\$ 487	\$	497	Level 3
Commercial receivables	443		447	Level 3
Investments ⁽¹⁾	170		170	Level 3
Securitization residual assets ⁽²⁾	71		71	Level 3
Liabilities				
Credit facilities ⁽³⁾	\$ 259	\$	259	Level 3
Non-recourse debt ⁽³⁾	835		852	Level 3
Convertible notes ⁽³⁾	139		152	Level 2

(1) The amortized cost of our investments as of December 31, 2018, was \$173 million.

(2) Included in other assets on the consolidated balance sheet.

(3) Fair value and carrying value exclude unamortized debt issuance costs.

Investments

The following table reconciles the beginning and ending balances for our Level 3 investments that are carried at fair value on a recurring basis:

	For the three months ended March 31,	
	2019	2018
	<i>(in millions)</i>	
Balance, beginning of period	\$ 170	\$ 151
Purchases of investments	7	4
Payments on investments	(1)	—
Unrealized gains (losses) on investments recorded in AOCI	2	(3)
Balance, end of period	\$ 178	\$ 152

The following table illustrates our investments in an unrealized loss position:

	Estimated Fair Value		Unrealized Losses ⁽¹⁾	
	Securities with a loss shorter than 12 months	Securities with a loss longer than 12 months	Securities with a loss shorter than 12 months	Securities with a loss longer than 12 months
	<i>(in millions)</i>			
March 31, 2019	\$ 11	\$ 132	\$ 1	\$ 2
December 31, 2018	82	67	1	3

(1) Loss position is due to interest rates movements. We have the intent and ability to hold these investments until a recovery of fair value.

In determining the fair value of our investments, we used a range of interest rate spreads of approximately 1% to 4% based upon comparable transactions as of March 31, 2019 and December 31, 2018.

Non-recurring Fair Value Measurements

Our financial statements may include non-recurring fair value measurements related to acquisitions and non-monetary transactions, if any. Assets acquired in a business combination are recorded at their fair value. We may use third party valuation firms to assist us with developing our estimates of fair value.

Concentration of Credit Risk

Government and commercial receivables, real estate leases, and debt investments consist primarily of U.S. federal government-backed receivables, investment grade state and local government receivables and receivables from various sustainable infrastructure projects and do not, in our view, represent a significant concentration of credit risk. See Note 6 for an analysis by type of obligor and the method of rating. Additionally, our investments are collateralized by projects concentrated in certain geographic regions throughout the United States. We have structural credit protections to mitigate our risk exposure and, in most cases, the projects are insured for estimated physical loss which helps to mitigate the possible risk from these concentrations.

We had cash deposits that are subject to credit risk as shown below:

	March 31, 2019	December 31, 2018
	<i>(in millions)</i>	
Cash deposits	\$ 62	\$ 21
Restricted cash deposits (included in other assets)	44	38
Total cash deposits	\$ 106	\$ 59
Amount of cash deposits in excess of amounts federally insured	\$ 105	\$ 57

4. Non-Controlling Interest

Units of limited partnership interests in the Operating Partnership (“OP units”) that are owned by limited partners other than us are included in non-controlling interest on our consolidated balance sheets. The non-controlling interest holders are generally allocated their pro rata share of income, other comprehensive income and equity transactions.

The outstanding OP units held by outside limited partners represent less than 1% of our outstanding OP units and are redeemable by the limited partners for cash, or at our option, for a like number of shares of our common stock. No OP units held by our non-controlling interest holders were exchanged during the three months ended March 31, 2019, and 3,703 OP units were exchanged for the same number of shares during the same period in 2018.

5. Securitization of Receivables

The following summarizes certain transactions with our securitization trusts:

	As of and for the three months ended March 31,	
	2019	2018
	<i>(in millions)</i>	
Gains on securitizations	\$ 7	\$ 6
Purchase of receivables securitized	302	129
Proceeds from securitizations	309	135
Residual and servicing assets included in other assets	78	53
Cash received from residual and servicing assets	1	1

In connection with securitization transactions, we typically retain servicing responsibilities and residual assets. In certain instances, we receive annual servicing fees of up to 0.20% of the outstanding balance. We may periodically make servicer advances, which are subject to credit risk. Included in other assets in our consolidated balance sheets are our servicing assets at amortized cost, our residual assets at fair value, and our servicing advances at cost, if any. Our residual assets are subordinate to investors' interests, and their values are subject to credit, prepayment and interest rate risks on the transferred financial assets. The investors and the securitization trusts have no recourse to our other assets for failure of debtors to pay when due. In computing gains and losses on securitizations, we use the same discount rates we use for the fair value calculation of residual assets, which are determined based on a review of comparable market transactions including Level 3 unobservable inputs which consist of base interest rates and spreads over base rates. Depending on the nature of the transaction risks, the discount rate ranged from 4% to 7%.

As of March 31, 2019 and December 31, 2018, our managed assets totaled \$5.5 billion and \$5.3 billion, respectively, of which \$3.6 billion and \$3.3 billion, respectively, were securitized assets held in unconsolidated securitization trusts. There were no securitization credit losses in the three months ended March 31, 2019 or 2018. As of March 31, 2019, there were approximately \$1.4 million in payments from certain debtors to the securitization trusts that were greater than 90 days past due. The securitized assets generally consist of receivables from contracts for the installation of energy efficiency and other technologies in facilities owned by, or operated for or by, federal, state or local government entities where the ultimate obligor is the government. The contracts may have guarantees of energy savings from third party service providers, which typically are entities rated investment grade by an independent rating agency. Based on the nature of the receivables and experience-to-date, we do not currently expect to incur any credit losses of our residual interests related to the receivables sold.

6. Our Portfolio

As of March 31, 2019, our Portfolio included approximately \$1.9 billion of equity method investments, receivables, real estate and investments on our balance sheet. The equity method investments represent our non-controlling equity investments in renewable energy projects and land. The receivables and investments are typically collateralized by contractually committed debt obligations of government entities or private high credit quality obligors and are often supported by additional forms of credit enhancement, including security interests and supplier guarantees. The real estate is typically land and related lease intangibles for long-term leases to wind and solar projects.

The following is an analysis of our Portfolio as of March 31, 2019:

	Investment Grade			Subtotal, Debt and Real Estate	Equity Method Investments	Total
	Government ⁽¹⁾	Commercial Investment Grade ⁽²⁾	Commercial Non- Investment Grade ⁽³⁾			
	<i>(dollars in millions)</i>					
Equity investments in renewable energy projects	\$ —	\$ —	\$ —	\$ —	\$ 437	\$ 437
Receivables ⁽⁴⁾	465	167	286	918	—	918
Real estate ⁽⁵⁾	—	364	—	364	22	386
Investments	104	74	—	178	—	178
Total	\$ 569	\$ 605	\$ 286	\$ 1,460	\$ 459	\$ 1,919
% of Debt and real estate portfolio	39%	41%	20%	100%	N/A	N/A
Average remaining balance ⁽⁶⁾	\$ 11	\$ 6	\$ 14	\$ 9	\$ 16	\$ 10

(1) Transactions where the ultimate obligor is the U.S. federal government or state or local governments where the obligors are rated investment grade (either by an independent rating agency or based upon our internal credit analysis). This amount includes \$382 million of U.S. federal government transactions and \$187 million of transactions where the ultimate obligors are state or local governments. Transactions may have guaranties of energy savings from third party service providers, which typically are entities rated investment grade by an independent rating agency.

(2) Transactions where the projects or the ultimate obligors are commercial entities that have been rated investment grade (either by an independent rating agency or based on our internal credit analysis). Of this total, \$9 million of the transactions have been rated investment grade by an independent rating agency.

(3) Transactions where the projects or the ultimate obligors are commercial entities that either have ratings below investment grade (either by an independent rating agency or using our internal credit analysis) or where the nature of the subordination in the asset causes it to be considered non-investment grade. This category of assets includes \$260 million of mezzanine loans made on a non-recourse basis to special purpose subsidiaries of residential solar companies where the nature of the subordination causes it to be considered non-investment grade. These loans are secured by residential solar assets and we rely on certain limited indemnities, warranties, and other obligations of the residential solar companies or their other subsidiaries. This amount also includes \$18 million of transactions where the projects or the ultimate obligors are commercial entities that have ratings below investment grade using our internal credit analysis, and \$8 million of loans on non-accrual status. See Receivables and Investments below for further information.

(4) Total reconciles to the total of the government receivables and commercial receivables lines of the consolidated balance sheets.

(5) Includes the real estate and the lease intangible assets (including those held through equity method investments) from which we receive scheduled lease payments, typically under long-term triple net lease agreements.

(6) Excludes approximately 170 transactions each with outstanding balances that are less than \$1 million and that in the aggregate total \$61 million.

Equity Method Investments

We have made non-controlling equity investments in a number of renewable energy projects as well as in a joint venture that owns land with long-term triple net lease agreements to several solar projects that we account for as equity method investments. As of March 31, 2019, we held the following equity method investments:

Investment Date	Investee	Carrying Value
		<i>(in millions)</i>
Various	2007 Vento I, LLC	\$ 93
December 2015	Buckeye Wind Energy Class B Holdings, LLC	71
Various	Northern Frontier Wind, LLC	65
December 2018	3D Engie, LLC	49
October 2016	Invenergy Gunsight Mountain Holdings, LLC	37
Various	Helix Fund I, LLC	26
Various	Other transactions	118
	Total equity method investments	<u>\$ 459</u>

An underlying solar project associated with one of our equity method investments located in the U.S. Virgin Islands was materially damaged in the 2017 hurricanes. In the first quarter of 2019, we collected insurance proceeds of approximately \$8 million. Although there can be no assurance in this regard, we continue to believe that the project's other existing assets will be sufficient to recover our remaining carrying value of approximately \$2 million.

As of December 31, 2018, we held a \$14 million investment in a wind project that was purchased as part of a portfolio at a significant discount to the project's book value, in part, due to the lack of a power purchase agreement and some operational issues. As disclosed in our 2018 Form 10-K, in January 2019 the sponsor indicated it was evaluating this project for impairment due to these issues and recorded an impairment of approximately \$12 million in their financial statements as of and for the year ended December 31, 2018, which were issued to us in March 2019. Due to the fact that we account for this investment one quarter in arrears to allow for the receipt of financial information, we recognized our share of the operating results of the project, a loss of approximately \$8 million, in the quarter ended March 31, 2019.

Based on an evaluation of our equity method investments, inclusive of these projects, we determined that OTTI had occurred as of March 31, 2019 or December 31, 2018.

Receivables and Investments

The following table provides a summary of our anticipated maturity dates of our receivables and investments and the weighted average yield for each range of maturities as of March 31, 2019:

	Total	Less than 1 year	1-5 years	5-10 years	More than 10 years
	<i>(dollars in millions)</i>				
Receivables					
Maturities by period	\$ 918	\$ 3	\$ 22	\$ 78	\$ 815
Weighted average yield by period	6.6%	4.5%	6.2%	5.3%	6.7%
Investments					
Maturities by period	\$ 178	\$ 64	\$ —	\$ 13	\$ 101
Weighted average yield by period	4.3%	3.6%	—%	4.1%	4.7%

Our non-investment grade assets also consist of two commercial receivables with a combined total carrying value of approximately \$8 million as of March 31, 2019 that we consider impaired and that are on non-accrual status. These receivables, which we acquired as part of our acquisition of American Wind Capital Company, LLC in 2014, are assignments of land lease payments from two wind projects (the "Projects") which became past due in the second quarter of 2017. We have been informed by the owner of the Projects that the Projects are experiencing a decline in revenue. The owner of the Projects is seeking to terminate the lease. In July 2017, we filed a legal claim against the owners of the Projects in order to protect our interests in these Projects and the amounts due to us under the land lease assignments. In January 2018, we received a \$1.6 million payment from the Projects, but have received no payments since that date. We continue to pursue our legal claims. Although there can be no assurance in this regard, we believe that we have the ability to recover the carrying value from the Projects based on projected cash flows, and thus have not recorded an allowance for losses as of March 31, 2019.

Other than discussed above, we had no receivables or investments that were impaired or on non-accrual status as of March 31, 2019 or December 31, 2018. There was no provision for credit losses or troubled debt restructurings as of March 31, 2019 or December 31, 2018.

Real Estate

Our real estate is leased to renewable energy projects, typically under long-term triple net leases with expiration dates that range between the year 2033 and 2057 under the initial terms and 2047 and 2080 if all renewals are exercised. The components of our real estate portfolio as of March 31, 2019 and December 31, 2018, were as follows:

	March 31, 2019	December 31, 2018
	<i>(in millions)</i>	
Real estate		
Land	\$ 269	\$ 269
Lease intangibles	104	104
Accumulated amortization of lease intangibles	(8)	(8)
Real estate	\$ 365	\$ 365

As of March 31, 2019, the future amortization expense of the intangible assets and the future minimum rental income payments under our land lease agreements are as follows:

	Future Amortization Expense	Minimum Rental Income Payments
	<i>(in millions)</i>	
From April 1, 2019 to December 31, 2019	\$ 2	\$ 17
2020	3	22
2021	3	22
2022	3	22
2023	3	23
2024	3	24
Thereafter	79	769
Total	\$ 96	\$ 899

Deferred Funding Obligations

In accordance with the terms of purchase agreements relating to certain equity method investments, receivables and investments, payments of the purchase price are scheduled to be made over time and as a result, we have recorded deferred funding obligations of \$66 million and \$72 million as of March 31, 2019 and December 31, 2018, respectively. We have secured financing for, or placed in escrow, approximately \$63 million and \$68 million of the deferred funding obligations as of March 31, 2019 and December 31, 2018, respectively.

The outstanding deferred funding obligations to be paid are as follows:

	Deferred Funding Obligations	
	<i>(in millions)</i>	
From April 1, 2019 to December 31, 2019	\$	45
2020		16
2021		5
Total	\$	66

7. Credit facilities

Senior credit facilities

We have two senior revolving credit facilities, a representation-based loan agreement (the "Rep-Based Facility") and an approval-based loan agreement (the "Approval-Based Facility") with various lenders, which mature in July 2023. The Rep-Based Facility is a senior secured revolving limited-recourse credit facility with a maximum outstanding principal amount of \$250 million and the Approval-Based Facility is a senior secured revolving recourse credit facility with a maximum outstanding principal amount of \$200 million. The proceeds from these credit facilities were used to pay off our existing senior secured revolving credit facility, which was terminated upon repayment.

The following table provides additional detail on our senior credit facilities as of March 31, 2019:

	Rep-Based Facility	Approval-Based Facility
	<i>(dollars in millions)</i>	
Outstanding balance	\$ 156	\$ 127
Value of collateral pledged to credit facility	208	205
Weighted average short-term borrowing rate	4.0%	4.3%

Loans under the Rep-Based Facility bear interest at a rate equal to one-month LIBOR plus 1.40% or 1.85% (depending on the type of collateral) or, in certain circumstances, the Federal Funds Rate plus 0.40% or 0.85% (depending on the type of collateral) and loans under the Approval-Based Facility bear interest at a rate equal to one-month LIBOR plus 1.50% or 2.00% (depending on the type of collateral) or, under certain circumstances, the Federal Funds Rate plus 0.50% or 1.00% (depending on the type of collateral).

Inclusion of any financings of the Company in the borrowing base as collateral under the Rep-Based Facility will be subject to the Company making certain agreed upon representations and warranties. We have provided a limited guaranty covering the accuracy of the representations and warranties, and the repayment by the borrowers of certain amounts relating to any such financing is the exclusive remedy with respect to any breach of such representations and warranties under the Rep-Based Facility. Inclusion of any financings of the Company in the borrowing base as collateral under the Approval-Based Facility will be subject to the approval of a super-majority of the lenders, and we have provided a guaranty of the Approval-Based Facility.

The amount eligible to be drawn under the facilities is based on a discount to the value of each included investment based upon the type of collateral or an applicable valuation percentage. The sum of included financings after taking into account the applicable valuation percentages and any changes in the valuation of the financings in accordance with the Loan Agreements determines the borrowing capacity, subject to the overall facility limits described above. Under the Rep-Based Facility, the applicable valuation percentage is 85% in the case of a land-lease obligor or a U.S. Federal Government obligor, 80% in the case of an institutional obligor or state and local obligor, and with respect to other obligors or in certain circumstances, such other percentage as the administrative agent may prescribe. Under the Approval-Based Facility, the applicable valuation percentage is 85% in the case of certain approved financings and 67% or such other percentage as the administrative agent may prescribe, including in the case of one asset, an agreed-upon amortization schedule. The stated minimum maturities to be paid under the amortization schedule to meet the required target loan balances as of March 31, 2019 are as follows:

	Future minimum maturities	
	<i>(in millions)</i>	
April 1, 2019 to December 31, 2019	\$	8
2020		8
2021		8
2022		8
2023		15
Total	\$	47

We have approximately \$8 million of remaining unamortized costs associated with the credit facilities that have been capitalized and included in other assets on our balance sheet and are being amortized on a straight-line basis over the term of the credit facilities. Administrative fees are payable annually to the administrative agent under each of the Loan Agreements and letter agreements with the administrative agent. Under the Rep-Based Facility, we pay to the administrative agent on each monthly payment date, for the benefit of the lenders, certain availability fees for the Rep-Based Facility equal to 0.60%, divided by 365 or 366, as applicable, multiplied by the excess of the available total commitments under the Rep-Based Loan Agreement over the actual amount borrowed under the Rep-Based Facility.

The credit facilities contain terms, conditions, covenants, and representations and warranties that are customary and typical for a transaction of this nature, including various affirmative and negative covenants, and limitations on the incurrence of liens and indebtedness, investments, fundamental organizational changes, dispositions, changes in the nature of business, transactions with affiliates, use of proceeds and stock repurchases. We were in compliance with our covenants as of March 31, 2019.

The credit facilities also include customary events of default, including the existence of a default in more than 50% of underlying financings. The occurrence of an event of default may result in termination of the credit facilities, acceleration of amounts due under the credit facilities, and accrual of default interest at a rate of LIBOR plus 2.00% in the case of both the Rep-Based Facility and the Approval-Based Facility.

8. Long-term Debt

Non-recourse debt

We have outstanding the following asset-backed non-recourse debt and bank loans:

	Outstanding Balance as of		Interest Rate	Maturity Date	Anticipated Balance at Maturity	Value of Assets Pledged as of		Description of Assets Pledged
	March 31, 2019	December 31, 2018				March 31, 2019	December 31, 2018	
<i>(dollars in millions)</i>								
HASI Sustainable Yield Bond 2013-1	\$ 38	\$ 55	2.79%	December 2019	\$ 35	\$ 48	\$ 76	Receivables
HASI Sustainable Yield Bond 2015-1A	89	90	4.28%	October 2034	—	135	135	Receivables, real estate and real estate intangibles
HASI Sustainable Yield Bond 2015-1B Note	13	13	5.41%	October 2034	—	135	135	Class B Bond of HASI Sustainable Yield Bond 2015-1
2017 Credit Agreement	103	112	4.12%	January 2023	—	116	151	Equity interests in Strong Upwind Holdings I, II, III, and IV LLC, and Northern Frontier, LLC
HASI SYB Loan Agreement 2015-2	30	32	6.67%	(1) December 2023	—	71	72	Equity interest in Buckeye Wind Energy Class B Holdings LLC, related interest rate swap
HASI SYB Trust 2016-2	78	77	4.35%	April 2037	—	81	81	Receivables
2017 Master Repurchase Agreement	61	56	5.11%	(1) July 2019	57	72	67	Receivables and investments
HASI ECON 101 Trust	133	133	3.57%	May 2041	—	137	137	Receivables and investments
HASI SYB Trust 2017-1	158	159	3.86%	March 2042	—	207	208	Receivables, real estate and real estate intangibles
Other non-recourse debt (2)	128	125	3.15% - 7.45%	2019 to 2046	18	174	178	Receivables
Debt issuance costs	(16)	(17)						
Non-recourse debt(3)	<u>\$ 815</u>	<u>\$ 835</u>						

- (1) Interest rate represents the current period's LIBOR based rate plus the spread. We have hedged the LIBOR rate exposure using interest rate swaps fixed at 2.55% and 2.42% for HASI SYB Loan Agreement 2015-2 and 2017 Master Repurchase Agreement, respectively.
- (2) Other non-recourse debt consists of various debt agreements used to finance certain of our receivables for their term. Debt service payment requirements, in a majority of cases, are equal to or less than the cash flows received from the underlying receivables.
- (3) The total collateral pledged against our non-recourse debt was \$1,041 million and \$1,105 million as of March 31, 2019 and December 31, 2018, respectively. In addition, \$42 million and \$35 million of our restricted cash balance was pledged as collateral to various non-recourse loans as of March 31, 2019 and December 31, 2018, respectively.

We have pledged the financed assets, and typically our interests in one or more parents or subsidiaries of the borrower that are legally separate bankruptcy remote special purpose entities as security for the non-recourse debt. There is no recourse for repayment of these obligations other than to the applicable borrower and any collateral pledged as security for the obligations. Generally, the assets and credit of these entities are not available to satisfy any of our other debts and obligations. The creditors can only look to the borrower, the cash flows of the pledged assets and any other collateral pledged, to satisfy the debt and we are not otherwise liable for nonpayment of such cash flows. The debt agreements contain terms, conditions, covenants, and representations and warranties that are customary and typical for transactions of this nature, including limitations on the incurrence of liens and indebtedness, investments, fundamental organizational changes, dispositions, changes in the nature of business, transactions with affiliates, use of proceeds and stock repurchases. The agreements also include customary events of default, the occurrence of which may result in termination of the agreements, acceleration of amounts due, and accrual of default interest. We typically act as servicer for the debt transactions. We are in compliance with all covenants as of March 31, 2019 and December 31, 2018.

We have guaranteed the accuracy of certain of the representations and warranties and other obligations of certain of our subsidiaries under certain of the debt agreements and provided an indemnity against certain losses from "bad acts" of such subsidiaries including fraud, failure to disclose a material fact, theft, misappropriation, voluntary bankruptcy or unauthorized transfers. In the case of the debt secured by certain of our renewable energy equity interests, we have also guaranteed the compliance of our subsidiaries with certain tax matters and certain obligations if our joint venture partners exercise their right to withdraw from our partnerships.

The stated minimum maturities of non-recourse debt as of March 31, 2019, were as follows:

	Future minimum maturities	
	<i>(in millions)</i>	
April 1, 2019 to December 31, 2019	\$	123
2020		24
2021		26
2022		27
2023		152
2024		34
Thereafter		445
Total minimum maturities	\$	831
Deferred financing costs, net		(16)
Total non-recourse debt	\$	815

The stated minimum maturities of non-recourse debt above include only the mandatory minimum principal payments. To the extent there are additional cash flows received from our investments in renewable energy projects serving as collateral for certain of our non-recourse debt facilities, these additional cash flows are required to be used to make additional principal payments against the respective debt. Any additional principal payments made due to these provisions may impact the anticipated balance at maturity of these financings.

Convertible Senior Notes

We issued \$150 million aggregate principal amount (\$145 million net of issuance costs) of 4.125% convertible senior notes due September 1, 2022. Holders may convert any of their convertible notes into shares of our common stock at the applicable conversion rate at any time prior to the close of business on the second scheduled trading day immediately preceding the maturity date, unless the convertible notes have been previously redeemed or repurchased by us. Our board of directors approved a dividend of \$0.335 payable to stockholders of record on April 3, 2019, which results in a conversion rate after that date of 6.7179 for each \$1,000 principal amount of convertible notes with a conversion price of \$27.23. The conversion rate is subject to adjustment for dividends declared above \$0.335 per share per quarter and certain other events that may be dilutive to the holder.

Following the occurrence of a make-whole fundamental change, we will, in certain circumstances, increase the conversion rate for a holder that converts its convertible notes in connection with such make-whole fundamental change. There are no cash settlement provisions in the convertible notes and the conversion option can only be settled through physical delivery of our common stock. Additionally, upon the occurrence of certain fundamental changes involving us, holders of the convertible notes may require us to redeem all or a portion of their convertible notes for cash at a price of 100% of the principal amount outstanding, plus accrued and unpaid interest.

We have a redemption option to call the convertible notes prior to maturity (i) on or after March 1, 2022 and (ii) at any time if such a redemption is deemed reasonably necessary to preserve our qualification as a REIT. The redemption price will be equal to the principal of the notes being redeemed, plus accrued and unpaid interest. In the event of redemption after March 1, 2022, there will be an additional make-whole premium paid to the holder of the redeemed notes unless the redemption is deemed reasonably necessary to preserve our qualification as a REIT.

The following table presents a summary of the components of the convertible notes:

	March 31, 2019	December 31, 2018
	<i>(in millions)</i>	
Principal	\$ 150	\$ 150
Accrued interest	1	2
Less:		
Unamortized financing costs	(4)	(4)
Carrying value of convertible notes	<u>\$ 147</u>	<u>\$ 148</u>

We recorded approximately \$2 million in interest expense related to the convertible notes in both the three months ended March 31, 2019 and March 31, 2018.

9. Commitments and Contingencies

Litigation

The nature of our operations exposes us to the risk of claims and litigation in the normal course of our business. We are not currently subject to any legal proceedings that are probable of having a material adverse effect on our financial position, results of operations or cash flows.

Guarantees to other transaction participants

In connection with some of our transactions, we have provided certain limited representations, warranties, covenants and/or provided an indemnity against certain losses resulting from our own actions, including related to certain investment tax credits. As of March 31, 2019, there have been no such actions resulting in claims against the Company.

10. Income Tax

We recorded a tax benefit of approximately \$2 million for the three months ended March 31, 2019, compared to an income tax expense of \$0 million for the three months ended March 31, 2018. For the three months ended March 31, 2019 and 2018, our income tax expense was determined using federal rates of 21%, and combined state rates, net of federal benefit, of 3%.

11. Equity

Dividends and Distributions

Our board of directors declared the following dividends in 2018 and 2019:

Announced Date	Record Date	Pay Date	Amount per share
2/21/2018	4/4/2018	4/12/2018	\$ 0.330
5/31/2018	7/5/2018	7/12/2018	0.330
9/12/2018	10/3/2018	10/11/2018	0.330
12/12/2018	12/26/2018 ⁽¹⁾	1/10/2019	0.330
2/21/2019	4/3/2019	4/11/2019	0.335

(1) This dividend was treated as a distribution in 2019 for tax purposes.

We have an effective universal shelf registration statement registering the potential offer and sale, from time to time and in one or more offerings, of any combination of our common stock, preferred stock, depository shares, debt securities, warrants and rights (collectively referred to as the “securities”). We may offer the securities directly, through agents, or to or through underwriters by means of ordinary brokers’ transactions on the NYSE or otherwise at market prices prevailing at the time of sale or at negotiated prices and may include “at the market” (“ATM”) offerings or sales “at the market,” to or through a market maker or into an existing trading market on an exchange or otherwise. We completed the following public offerings (including ATM issuances) of our common stock in 2018 and 2019:

Closing Date	Common Stock Offerings	Shares Issued ⁽¹⁾	Price Per Share	Net Proceeds ⁽²⁾
<i>(amounts in millions, except per share amounts)</i>				
5/18/18 to 6/25/18	ATM	0.834	18.76 ⁽³⁾	\$ 15
11/15/18 to 12/11/18	ATM	2.777	23.37 ⁽³⁾	64
12/17/2018 and 1/3/2019	Public Offering	5.465	21.60 ⁽⁴⁾	117
1/23/19 to 3/21/19	ATM	1.603	23.39 ⁽³⁾	37

(1) Includes shares issued in connection with the exercise of the underwriters’ option to purchase additional shares.

(2) Net proceeds from the offerings are shown after deducting underwriting discounts, commissions and other offering costs.

(3) Represents the average price per share at which investors in our ATM offerings purchased our shares.

(4) Represents the price per share at which the underwriters in our public offerings purchased our shares.

Awards of Shares of Restricted Common Stock and Restricted Stock Units under our 2013 Plan

We have issued awards with service, performance and market conditions that vest from 2019 to 2023. During the three months ended March 31, 2019, our board of directors awarded employees and directors 192,893 shares of restricted stock and restricted stock units that vest from 2019 to 2022. As of March 31, 2019, as it relates to previously issued restricted stock awards with performance conditions, we have concluded that it is probable that the performance conditions will be met.

For the three months ended March 31, 2019, we recorded \$4 million of equity-based compensation expense as compared to \$2 million for the three months ended March 31, 2018. The total unrecognized compensation expense related to awards of shares of restricted stock and restricted stock units was approximately \$13 million as of March 31, 2019. We expect to recognize compensation expense related to these awards over a weighted-average term of approximately 2 years. A summary of the unvested shares of restricted common stock that have been issued is as follows:

	Restricted Shares of Common Stock	Weighted Average Share Price	Value <i>(in millions)</i>
Ending Balance — December 31, 2017	1,399,593	\$ 18.73	\$ 26.2
Granted	454,106	19.72	9.0
Vested	(370,072)	18.88	(7.0)
Forfeited	(96,871)	18.92	(1.8)
Ending Balance — December 31, 2018	1,386,756	\$ 19.00	\$ 26.4
Granted	148,401	23.96	3.5
Vested	(551,502)	18.85	(10.4)
Forfeited	—	—	—
Ending Balance — March 31, 2019	983,655	\$ 19.83	\$ 19.5

A summary of the unvested shares of restricted stock units that have market based vesting conditions that have been issued is as follows:

	Restricted Stock Units	Weighted Average Share Price	Value <i>(in millions)</i>
Ending Balance — December 31, 2017	255,706	\$ 18.99	\$ 4.9
Granted	176,128	20.24	3.5
Vested	(20,368)	18.99	(0.4)
Forfeited	(18,318)	19.05	(0.3)
Ending Balance — December 31, 2018	393,148	\$ 19.55	\$ 7.7
Granted	44,492	25.03	1.1
Vested	—	—	—
Forfeited	—	—	—
Ending Balance — March 31, 2019	437,640	\$ 20.10	\$ 8.8

12. Earnings per Share of Common Stock

Both the net income or loss attributable to the non-controlling OP units and the non-controlling limited partners' outstanding OP units have been excluded from the basic earnings per share and the diluted earnings per share calculations attributable to common stockholders. Unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and are included in the computation of earnings per share pursuant to the two-class method.

The computation of basic and diluted earnings per common share of common stock is as follows:

	Three Months Ended March 31,	
	2019	2018
<i>(in millions, except share and per share data)</i>		
Numerator:		
Net income (loss) attributable to controlling stockholders and participating securities	\$ 13.6	\$ (1.2)
Less: Dividends paid on participating securities	(0.3)	(0.5)
Undistributed earnings attributable to participating securities	—	—
Net income (loss) attributable to controlling stockholders	<u>\$ 13.3</u>	<u>\$ (1.7)</u>
Denominator:		
Weighted-average number of common shares — basic	61,748,906	51,710,910
Weighted-average number of common shares — diluted	62,365,271	51,710,910
Basic earnings per common share	<u>\$ 0.22</u>	<u>\$ (0.03)</u>
Diluted earnings per common share	<u>\$ 0.21</u>	<u>\$ (0.03)</u>
Other Information:		
Weighted-average number of OP units	<u>277,586</u>	<u>283,963</u>
Unvested restricted common stock outstanding (i.e., participating securities)	<u>983,655</u>	<u>1,112,940</u>

13. Equity Method Investments

We have non-controlling unconsolidated equity investments in renewable energy projects. We recognized income from our equity method investments of \$5 million and during the three months ended March 31, 2019, as compared to a loss of \$2 million during the three months ended March 31, 2018. We describe our accounting for non-controlling equity investments in Note 2.

The following is a summary of the consolidated financial position and results of operations of the significant entities accounted for using the equity method.

	Buckeye Wind Energy Class B Holdings, LLC	Other Investments ⁽¹⁾	Total
	<i>(in millions)</i>		
Balance Sheet			
<i>As of December 31, 2018</i>			
Current assets	\$ 4	\$ 248	\$ 252
Total assets	276	3,732	4,008
Current liabilities	1	127	128
Total liabilities	12	1,060	1,072
Members' equity	264	2,672	2,936
<i>As of December 31, 2017</i>			
Current assets	3	131	134
Total assets	286	2,894	3,180
Current liabilities	1	70	71
Total liabilities	11	319	330
Members' equity	275	2,575	2,850
Income Statement			
<i>For the year ended December 31, 2018</i>			
Revenue	14	248	262
Income from continuing operations	(6)	(22)	(28)
Net income	(6)	(22)	(28)
<i>For the year ended December 31, 2017</i>			
Revenue	12	254	266
Income from continuing operations	(8)	(49)	(57)
Net income	(8)	(49)	(57)

(1) Represents aggregated financial statement information for investments not separately presented.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

In this Form 10-Q, unless specifically stated otherwise or the context otherwise indicates, references to "we," "our," "us," and "HASI" refer to Hannon Armstrong Sustainable Infrastructure Capital, Inc., a Maryland corporation, Hannon Armstrong Sustainable Infrastructure, L.P., and any of our other subsidiaries. Hannon Armstrong Sustainable Infrastructure, L.P. is a Delaware limited partnership of which we are the sole general partner and to which we refer in this Form 10-Q as our "Operating Partnership." Our business is focused on reducing greenhouse gases that have been scientifically linked to climate change. We refer to these gases, which are often for consistency expressed as carbon dioxide equivalents, as carbon emissions.

The following discussion is a supplement to and should be read in conjunction with the accompanying Condensed Consolidated Financial Statements and related notes and with our Annual Report on Form 10-K for the year ended December 31, 2018, as amended by our Amendment No. 1 to our Annual Report on Form 10-K for the year ended December 31, 2018, (collectively, our "2018 Form 10-K") that was filed with the SEC.

Our Business

We focus on making investments in climate change solutions by providing capital to the leading companies in the energy efficiency, renewable energy and other sustainable infrastructure markets. Our goal is to generate attractive returns for our stockholders by investing in a diversified portfolio of investments that generate long-term, recurring and predictable cash flows from proven commercial technologies.

We believe we were one of the first U.S. public companies solely dedicated to investments that reduce carbon emissions or increase resilience to climate change. Our investments, which typically benefit from contractually committed high credit quality obligors, have taken a number of forms including equity, joint ventures, land ownership, lending or other financing transactions. We also generate ongoing fees through gain-on-sale securitization transactions, services and asset management.

We are internally managed, and our management team has extensive relevant industry knowledge and experience, dating back more than 30 years. We have long-standing relationships with the leading energy service companies ("ESCOs"), manufacturers, project developers, utilities, owners and operators. Our origination strategy is to use these relationships to generate recurring, programmatic investment and fee generating opportunities. Additionally, we have relationships with leading banks, investment banks, and institutional investors from which we are referred additional investment and fee generating opportunities.

Our investments are focused on three areas:

- *Behind-The-Meter ("BTM")*: distributed building or facility projects, which reduce energy usage or cost through the use of solar generation and energy storage or energy efficient improvements including heating, ventilation and air conditioning systems ("HVAC"), lighting, energy controls, roofs, windows, building shells, and/or combined heat and power systems;
- *Grid Connected ("GC")*: projects that deploy cleaner energy sources, such as solar and wind to generate power where the off-taker or counterparty is part of the wholesale electric power grid; and
- *Other Sustainable Infrastructure*: upgraded transmission or distribution systems, water and storm water infrastructure, seismic retrofits and other projects, that improve water or energy efficiency, increase resiliency, positively impact the environment or more efficiently use natural resources.

We prefer investments where the assets have a long-term, investment grade rated off-taker or counterparties. In the case of BTM, the off-taker or counterparty may be the building owner or occupant, and we may be secured by the installed improvements or other real estate rights. In the case of GC, the off-taker or counterparty may be a utility or electric user who has entered into a contractually committed agreement, such as a power purchase agreement (“PPA”), to purchase some, or all of, the power produced by a renewable energy project at a minimum price with potential price escalators for a portion of the project’s estimated life.

We make our investments utilizing a variety of structures including:

- Equity in either preferred or common structures in unconsolidated entities;
- Government and commercial receivables or securities, such as loans for renewable energy and energy efficiency projects; and
- Real estate, such as land or other assets leased for use by sustainable infrastructure projects typically under long-term leases.

Our equity investments in renewable energy projects are operated by various renewable energy companies or by joint ventures in which we participate. These transactions allow us to participate in the cash flows associated with these projects, typically on a priority basis. We make debt investments in energy efficiency projects, which reduce the amount or cost of energy usage, and may also make debt investments in various renewable energy or other sustainable infrastructure projects or portfolios of projects. We are usually assigned the payment stream and other contractual rights, often using our pre-existing master purchase agreements with the ESCOs. Our debt investments are generally also secured by the installed improvements or other real estate rights. We also own, directly or through equity investments, over 24,000 acres of land that are leased under long-term agreements to over 50 renewable energy projects, where our rental income is typically senior to most project costs, debt, and equity.

We focus on projects that use proven technology and that often have contractually committed agreements with an investment grade rated off-taker or counterparties. While we prefer investments in which we hold a senior or preferred position in a project, we also have invested, in mezzanine debt or common equity in projects where we are subordinated to project debt and/or preferred forms of equity. Investing greater than 15% of our assets in any individual project requires the approval of a majority of our independent directors. We may adjust the mix and duration of our assets over time in order to allow us to manage various aspects of our portfolio, including expected risk-adjusted returns, macroeconomic conditions, liquidity, availability of adequate financing for our assets, and to maintain our REIT qualification and our exemption from registration as an investment company under the 1940 Act.

We completed approximately \$319 million of transactions during the three months ended March 31, 2019, compared to approximately \$108 million during the same period in 2018. As of March 31, 2019, pursuant to our strategy of holding transactions on our balance sheet, we held approximately \$1.9 billion of transactions on our balance sheet, which we refer to as our “Portfolio.” As of March 31, 2019, our Portfolio consisted of over 190 assets and we seek to manage the diversity of our Portfolio by, among other factors, project type, project operator, type of investment, type of technology, transaction size, geography, obligor and maturity.

We believe we have available to us a broad range of financing sources that allow us to use borrowings as part of our financing strategy to increase potential returns to our stockholders. We may finance our investments through the use of non-recourse or recourse debt and equity. We have worked to expand our liquidity and access to the debt and bank loan markets and have entered into transactions with a number of new lenders and insurance companies over the past several years. We may also decide to finance transactions through the use of off-balance sheet securitization structures where we transfer all or a portion of the economics of the transaction, typically using securitization trusts, to institutional investors in exchange for a gain on the transfer and in some cases, ongoing fees. As a result of increases in short-term interest rates without a corresponding increase in long-term rates which has resulted in a reduction in the difference in yield between short-term interest rates and long-term interest rates known as a flattening of the yield curve, we have increased our use of securitization transactions and expect to continue to use a higher level of these transactions in the short to intermediate-term. As of March 31, 2019, we managed approximately \$3.6 billion in assets in these securitization trusts or vehicles that are not consolidated on our balance sheet. When combined with our Portfolio, as of March 31, 2019, we manage approximately \$5.5 billion of assets which we refer to as our managed assets.

We have a large and active pipeline of potential new opportunities that are in various stages of our underwriting process. We refer to potential opportunities as being part of our pipeline if we have determined that the project fits within our investment strategy and exhibits the appropriate risk and reward characteristics through an initial credit analysis, including a quantitative and qualitative assessment of the opportunity, as well as research on the market and sponsor. Our pipeline of transactions that could potentially close in the next 12 months consists of opportunities in which we will be the lead originator as well as opportunities in which we may participate with other institutional investors. As of March 31, 2019, our pipeline

consisted of more than \$2.5 billion in new equity, debt and real estate opportunities. There can, however, be no assurance with regard to any specific terms of such pipeline transactions or that any or all of the transactions in our pipeline will be completed.

As part of our investment process, we calculate the ratio of the estimated first year of metric tons of carbon emissions avoided by our investments divided by the capital invested to understand the impact our investments are having on climate change. In this calculation, which we refer to as CarbonCount®, we use emissions factor data, expressed on a CO2 equivalent basis, from the U.S. Government or the International Energy Administration to an estimate of a project's energy production or savings to compute an estimate of metric tons of carbon emissions avoided. In addition to carbon, we also consider other environmental attributes, such as water use reduction, stormwater remediation benefits or stream restoration benefits.

We elected and qualified to be taxed as a REIT for U.S. federal income tax purposes, commencing with our taxable year ended December 31, 2013 and operate our business in a manner that will permit us to continue to maintain our exemption from registration as an investment company under the 1940 Act.

Factors Impacting our Operating Results

We expect that our results of operations will be affected by a number of factors and will primarily depend on the size of our Portfolio, including the mix of transactions which we hold in our Portfolio, the income we receive from securitizations, syndications and other services, our Portfolio's credit risk profile, changes in market interest rates, commodity prices, federal, state and/or municipal governmental policies, general market conditions in local, regional and national economies, our ability to qualify as a REIT and maintain our exemption from registration as an investment company under the 1940 Act, and the impacts of climate change. We provide a summary of the factors impacting our operating results in our 2018 Form 10-K under MD&A – Factors Impacting our Operating Results.

Critical Accounting Policies and Use of Estimates

Our financial statements are prepared in accordance with U.S. GAAP, which requires the use of estimates and assumptions that involve the exercise of judgment and use of assumptions as to future uncertainties. Understanding our accounting policies and the extent to which we make judgments and estimates in applying these policies is integral to understanding our financial statements.

We have identified the following accounting policies as critical because they require significant judgments and assumptions about highly complex and inherently uncertain matters and the use of reasonably different estimates and assumptions could have a material impact on our reported results of operations or financial condition. These critical accounting policies govern:

- Consolidation and equity method investments;
- Impairment of our Portfolio; and
- Securitization of receivables.

We evaluate our critical accounting estimates and judgments on an ongoing basis and update them, as necessary, based on changing conditions. We provide additional information on our critical accounting policies and use of estimates under Item 7. MD&A—Critical Accounting Policies and Use of Estimates in our 2018 Form 10-K and under Note 2 of this Form 10-Q.

Financial Condition and Results of Operations

Our Portfolio

Our Portfolio totaled approximately \$1.9 billion as of March 31, 2019, and included approximately \$0.9 billion of behind-the-meter assets, approximately \$0.9 billion of grid-connected assets and approximately \$0.1 billion of other sustainable infrastructure investments. Approximately 23% of our Portfolio consisted of unconsolidated equity investments in renewable energy related projects and approximately 20% of our Portfolio was real estate used in renewable energy projects. The remainder consisted of fixed rate government and commercial receivables and debt securities which we generally refer to as debt investments. Our Portfolio consisted of approximately 190 transactions with an average size of \$10 million and the weighted average remaining life of our Portfolio (excluding match-funded transactions) of approximately 14 years as of March 31, 2019.

Our Portfolio included the following as of March 31, 2019:

- Equity investments in either preferred or common structures in unconsolidated entities;
- Government and commercial receivables, such as loans for renewable energy and energy efficiency projects;
- Real estate, such as land or other assets leased for use by sustainable infrastructure projects typically under long-term leases; and
- Investments in debt securities of renewable energy or energy efficiency projects.

The table below provides details on the interest rate and maturity of our debt investments as of March 31, 2019:

	<u>Balance</u>	<u>Maturity</u>
	<i>(in millions)</i>	
Fixed-rate receivables, interest rates less than 5.00% per annum	\$ 397	2020 to 2046
Fixed-rate receivables, interest rates from 5.00% to 6.50% per annum	130	2020 to 2054
Fixed-rate receivables, interest rates greater than 6.50% per annum	391	2019 to 2069
Receivables	918	
Allowance for credit losses	—	
Receivables, net of allowance	918	
Fixed-rate investments, interest rates less than 5.00% per annum	138	2019 to 2044
Fixed-rate investments, interest rates from 5.00% to 6.50% per annum	40	2028 to 2050
Total receivables and investments	\$ 1,096	

The table below presents, for each major category of our Portfolio and the related interest-bearing liabilities, the average outstanding balances, income earned, the interest expense incurred, and average yield or cost. Our earnings from our equity method investments are not included in total revenue and thus we have excluded the income and related interest expense for our equity method investments from this analysis. Our net investment margin represents the difference between the interest and rental income generated by our Portfolio and the interest expense, divided by our average Portfolio balance.

	<u>Three Months Ended March 31,</u>	
	<u>2019</u>	<u>2018</u>
	<i>(dollars in millions)</i>	
Interest income, receivables	\$ 16	\$ 13
Average monthly balance of receivables	\$ 904	\$ 980
Average interest rate of receivables	6.9%	5.2%
Interest income, investments	\$ 2	\$ 2
Average monthly balance of investments	\$ 172	\$ 153
Average interest rate of investments	4.4%	4.0%
Rental income	\$ 6	\$ 6
Average monthly balance of real estate	\$ 365	\$ 340
Average yield on real estate	7.1%	7.0%
Average monthly balance of Portfolio	\$ 1,441	\$ 1,473
Average yield from Portfolio	6.6%	5.5%
Interest expense ⁽¹⁾	\$ 13	\$ 14
Average monthly balance of debt ⁽¹⁾	\$ 1,137	\$ 1,225
Average interest rate of debt ⁽¹⁾	4.5%	4.7%
Average interest spread ⁽¹⁾	2.1%	0.8%
Net investment margin ⁽¹⁾	3.1%	1.6%

(1) Excludes amounts related to the non-recourse debt used to finance the equity method investments in the renewable energy projects because our earnings from these equity investments are not included in total revenue.

The following table provides a summary of our anticipated principal repayments for our receivables and investments as of March 31, 2019:

	Payment due by Period				
	Total	Less than 1 year	1-5 years	5-10 years	More than 10 years
	<i>(in millions)</i>				
Receivables	\$ 918	\$ 32	\$ 129	\$ 174	\$ 583
Investments	178	67	17	24	70

See Note 6 to our financial statements in this Form 10-Q for information on:

- the anticipated maturity dates of our receivables and investments and the weighted average yield for each range of maturities as of March 31, 2019,
- the term of our leases and a schedule of our future minimum rental income under our land lease agreements as of March 31, 2019,
- the credit quality of our Portfolio, and
- the receivables on non-accrual status.

For information on our residual assets relating to our securitization trusts, see Note 5 to our financial statements in this Form 10-Q. The residual assets do not have a contractual maturity date and the underlying securitized assets have contractual maturity dates until 2055.

Results of Operations

Comparison of the Three Months Ended March 31, 2019 vs. Three Months Ended March 31, 2018

	Three Months Ended March 31,		\$ Change	% Change
	2019	2018		
	<i>(dollars in millions)</i>			
Revenue				
Interest income, receivables	\$ 16	\$ 13	\$ 3	23 %
Interest income, investments	2	2	—	— %
Rental income	6	6	—	— %
Gain on sale of receivables and investments	7	6	1	17 %
Fee income	2	1	1	100 %
Total revenue	33	28	5	18 %
Expenses				
Interest expense	16	19	(3)	(16) %
Compensation and benefits	7	5	2	40 %
General and administrative	3	3	—	— %
Total expenses	26	27	(1)	(4) %
Income before equity method investments	7	1	6	600 %
Income (loss) from equity method investments	4	(2)	6	NM
Income (loss) before income taxes	11	(1)	12	NM
Income tax (expense) benefit	3	—	3	NM
Net income (loss)	\$ 14	\$ (1)	\$ 15	NM

NM—Percentage change is not meaningful.

- Net income increased by approximately \$15 million as a result of a \$5 million increase in total revenue, \$6 million increase in income from equity method investments, \$1 million decrease in total expenses, and a \$3 million income tax

benefit in the current period. These results do not reflect the non-GAAP core earnings adjustment applied to our equity method investments, which is discussed in the non-GAAP financial measures section below.

- Total revenue grew by \$5 million as gain on sale of receivables and investments and fee income grew by \$2 million primarily due to increased securitization activity during the three months ended March 31, 2019, when compared to the same period in 2018. Interest income from investments and rental income increased by \$3 million as compared to the same period in the prior year due to a higher average interest rate on our receivables.
- Interest expense decreased by \$3 million primarily due to an decrease in total debt and its related cost during the three months ended March 31, 2019, when compared to the same period in 2018.
- Compensation and benefits increased by \$2 million due to an increase in equity-based compensation expense resulting from the timing of vesting and higher Company performance when compared to the same period in 2018.
- Income from equity method investments increased by \$6 million primarily due to an allocation of income from one of our joint ventures due to the related project's realization of investment tax credits.

Non-GAAP Financial Measures

We consider the following non-GAAP financial measures useful to investors as key supplemental measures of our performance: (1) core earnings and (2) managed assets. These non-GAAP financial measures should be considered along with, but not as alternatives to, net income or loss as measures of our operating performance. These non-GAAP financial measures, as calculated by us, may not be comparable to similarly named financial measures as reported by other companies that do not define such terms exactly as we define such terms.

Core Earnings

We calculate core earnings as GAAP net income (loss) excluding non-cash equity compensation expense, non-cash provision for credit losses, amortization of intangibles, any one-time acquisition related costs or non-cash tax charges and the earnings attributable to our non-controlling interest of our Operating Partnership. We also make an adjustment to our equity method investments in the renewable energy projects as described below. In the future, core earnings may also exclude one-time events pursuant to changes in GAAP and certain other non-cash charges as approved by a majority of our independent directors.

Certain of our equity method investments in renewable energy projects are structured using typical partnership “flip” structures where we, along with any other institutional investors, if any, receive a pre-negotiated preferred return consisting of priority distributions from the project cash flows, in many cases, along with tax attributes. Once this preferred return is achieved, the partnership “flips” and the renewable energy company, which operates the project, receives more of the cash flows through its equity interests while we, and any other institutional investors, retain an ongoing residual interest. We typically negotiate the purchase prices of our equity investments, which have a finite expected life, based on our assessment of the expected cash flows we will receive from these projects discounted back to the net present value, based on a target investment rate, with the expected cash flows to be received in the future reflecting both a return on the capital (at the investment rate) and a return of the capital we have committed to the project. We use a similar approach in the underwriting of our receivables.

Under GAAP, we account for these equity method investments utilizing the HLBV method. Under this method, we recognize income or loss based on the change in the amount each partner would receive, typically based on the negotiated profit and loss allocation, if the assets were liquidated at book value, after adjusting for any distributions or contributions made during such quarter. The HLBV allocations of income or loss may be impacted by the receipt of tax attributes, as tax equity investors are allocated losses in proportion to the tax benefits received, while the sponsors of the project are allocated gains of a similar amount. In addition, the agreed upon allocations of the project's cash flows may differ materially from the profit and loss allocation used for the HLBV calculations.

The cash distributions for our equity method investments are segregated into a return on and return of capital on our cash flow statement based on the cumulative income (loss) that has been allocated using the HLBV method. However, as a result of the application of the HLBV method, including the impact of tax allocations, the high levels of depreciation and other non-cash expenses that are common to renewable energy projects and the differences between the agreed upon profit and loss and the cash flow allocations, the distributions and thus the economic returns (i.e. return on capital) achieved from the investment are often significantly different from the income or loss that is allocated to us under the HLBV method. Thus, in calculating core earnings, we further adjust GAAP net income (loss) to take into account our calculation of the return on capital (based upon the investment rate) from our renewable energy equity method investments, as adjusted to reflect the performance of the project

and the cash distributed. We believe this core equity method investment adjustment to our GAAP net income (loss) in calculating our core earnings measure is an important supplement to the HLBV income allocations determined under GAAP for an investor to understand the economic performance of these investments.

For the three months ended March 31, 2019, we recognized income of \$5 million under GAAP for our equity investments in renewable energy projects. We reversed the GAAP income and recorded \$10 million for core earnings as discussed above, to reflect our return on capital from these investments for the three months ended March 31, 2019. This compares to the collected cash distributions from these equity method investments of approximately \$27 million for the three months ended March 31, 2019, with the difference between core earnings and cash collected representing a return of capital.

We believe that core earnings provides an additional measure of our core operating performance by eliminating the impact of certain non-cash expenses and facilitating a comparison of our financial results to those of other comparable companies with fewer or no non-cash charges and comparison of our own operating results from period to period. Our management uses core earnings in this way. We believe that our investors also use core earnings, or a comparable supplemental performance measure, to evaluate and compare our performance to that of our peers, and as such, we believe that the disclosure of core earnings is useful to our investors.

However, core earnings does not represent cash generated from operating activities in accordance with GAAP and should not be considered as an alternative to net income (loss) (determined in accordance with GAAP), or an indication of our cash flow from operating activities (determined in accordance with GAAP), or a measure of our liquidity, or an indication of funds available to fund our cash needs, including our ability to make cash distributions. In addition, our methodology for calculating core earnings may differ from the methodologies employed by other companies to calculate the same or similar supplemental performance measures, and accordingly, our reported core earnings may not be comparable to similar metrics reported by other companies.

The table below provides a reconciliation of our GAAP net income (loss) to core earnings for the three months ended March 31, 2019 and 2018.

	Three Months Ended March 31,			
	2019		2018	
	\$	Per Share	\$	Per Share
	<i>(dollars in thousands, except per share amounts)</i>			
Net income (loss) attributable to controlling stockholders ⁽¹⁾	\$ 13,647	\$ 0.21	\$ (1,223)	\$ (0.03)
Core earnings adjustments:				
Reverse GAAP (income) loss from equity method investments	(4,506)		2,285	
Add back core equity method investments earnings	9,604		10,592	
Non-cash equity-based compensation charges	3,578		1,845	
Amortization of intangibles	816		783	
Non-cash provision (benefit) for income taxes	(2,266)		—	
Current year earnings attributable to non-controlling interest	61		(5)	
Core earnings ⁽²⁾	\$ 20,934	\$ 0.33	\$ 14,277	\$ 0.27

(1) This is the GAAP diluted earnings per share and is the most comparable GAAP measure to our core earnings per share.

(2) Core earnings per share is based on 63,706,102 shares for the three months ended March 31, 2019 and 53,549,878 shares for the three months ended March 31, 2018, which represents the weighted average number of fully-diluted shares outstanding including our restricted stock awards and restricted stock units and the non-controlling interest in our Operating Partnership. We include any potential common stock issuance in this calculation related to our convertible notes using the treasury stock method.

Managed Assets

As we both consolidate assets on our balance sheet and securitize assets, certain of our receivables and other assets are not reflected on our balance sheet where we may have a residual interest in the performance of the investment, such as servicing rights or a retained interest in cash flows. Thus, we present our investments on a non-GAAP "Managed Assets" basis, which assumes that securitized receivables are not sold. We believe that our Managed Asset information is useful to investors because it portrays the amount of both on- and off-balance sheet receivables that we manage, which enables investors to understand and evaluate the credit performance associated with our portfolio of receivables, investments and residual assets in securitized receivables. Our non-GAAP Managed Assets measure may not be comparable to similarly titled measures used by other companies.

The following is a reconciliation of our GAAP Portfolio to our Managed Assets:

	As of	
	March 31, 2019	December 31, 2018
	<i>(dollars in millions)</i>	
Equity method investments	\$ 459	\$ 471
Government receivables	464	497
Commercial receivables	454	447
Real estate	365	365
Investments	178	170
Assets held in securitization trusts	3,596	3,334
Managed Assets	\$ 5,516	\$ 5,284
Credit losses as a percentage of assets under management	0.0%	0.0%

Environmental Metrics

As part of our investment process, we calculate the estimated metric tons of CO2 equivalent emissions, or carbon emissions avoided by our investments. In this calculation, which we refer to as CarbonCount®, we apply emissions factor data from the U.S. Government or the International Energy Administration to an estimate of a project's energy production or savings to compute an estimate of metric tons of carbon emissions avoided. We estimate that our investments originated in the quarter ended March 31, 2019, will reduce annual carbon emissions by approximately 96 thousand metric tons.

Liquidity and Capital Resources

Liquidity is a measure of our ability to meet potential short term (within one year) and long term cash requirements, including ongoing commitments to repay borrowings, fund and maintain our current and future assets, make distributions to our stockholders and other general business needs. We will use significant cash to make investments in sustainable infrastructure, repay principal and interest on our borrowings, make distributions to our stockholders and fund our operations. We use borrowings as part of our financing strategy to increase potential returns to our stockholders and have available to us a broad range of financing sources. We finance our investments through the use of non-recourse or recourse debt, equity and through the use of off-balance sheet securitization structures.

In December 2018, we entered into two senior secured revolving credit facilities ("Rep-Based Facility" and "Approval-Based Facility") with several lenders with a combined maximum outstanding balance of \$450 million, to repay and replace our pre-existing credit facility. For additional information on our credit facilities, see Note 7 to our financial statements on this Form 10-Q.

As of March 31, 2019, we had approximately \$815 million of non-recourse borrowings, as well as \$150 million in outstanding convertible senior notes. We also continue to utilize off-balance sheet securitization transactions, where we transfer the loans or other assets we originate to securitization trusts or other bankruptcy remote special purpose funding vehicles that are not consolidated on our balance sheet. As of March 31, 2019, the outstanding principal balance of our assets financed through the use of these off-balance sheet transactions was approximately \$3.6 billion.

Large institutional investors, primarily insurance companies and commercial banks, have provided the financing for these non-recourse and off-balance sheet financings. We have worked to expand our liquidity and access to the debt and bank loan markets and have entered into transactions with a number of new institutional investors in the last year. For further information on the credit facilities, asset backed non-recourse debt, convertible notes, and securitizations, see Notes 5, 7 and 8 to our financial statements of this Form 10-Q.

During the quarter ended March 31, 2019, we raised approximately \$47 million through the issuance of equity, including approximately \$10 million through the exercise of the underwriter's option of common equity from our December 2018 public offering, and approximately \$37 million under our "at-the-market" equity distribution program, or our ATM program, pursuant to which we can offer to sell, from time to time, up to an aggregate amount of \$250 million of our common stock. For additional information related to our equity raises see Note 11 to our financial statements of this Form 10-Q.

We plan to raise additional equity capital and continue to use fixed and floating rate borrowings which may be in the form of additional bank credit facilities (including term loans and revolving facilities), warehouse facilities, repurchase agreements

and public and private equity and debt issuances as a means of financing our business. We also expect to use both on-balance sheet and non-consolidated securitizations and also believe we will be able to customize securitized tranches to meet investment preferences of different investors. We may also consider the use of separately funded special purpose entities or funds to allow us to expand the investments that we make or to manage the Portfolio diversification.

The decision on how we finance specific assets or groups of assets is largely driven by capital allocations and risk and portfolio and financial management considerations, including the potential for gain on sale or fee income, as well as the overall interest rate environment, prevailing credit spreads and the terms of available financing and market conditions. Over time, as market conditions change, we may use other forms of debt and equity in addition to these financing arrangements.

The amount of leverage we may deploy for particular assets will depend upon the availability of particular types of financing and our assessment of the credit, liquidity, price volatility and other risks of those assets, the interest rate environment and the credit quality of our financing counterparties. As shown in the table below, our debt to equity ratio was approximately 1.5 to 1 as of March 31, 2019, below our target limit of 2.5 to 1. Our percentage of fixed rate debt was approximately 72% as of March 31, 2019, which is within our targeted fixed rate debt percentage range of 60% to 85%.

The calculation of our fixed-rate debt and leverage is shown in the chart below:

	March 31, 2019	% of Total	December 31, 2018	% of Total
	<i>(dollars in millions)</i>		<i>(dollars in millions)</i>	
Floating-rate borrowings	\$ 345	28 %	\$ 317	26 %
Fixed-rate debt	900	72 %	925	74 %
Total debt ⁽¹⁾	<u>\$ 1,245</u>	<u>100 %</u>	<u>\$ 1,242</u>	<u>100 %</u>
Equity	\$ 842		\$ 805	
Leverage	1.5 to 1		1.5 to 1	

(1) Floating-rate borrowings include borrowings under our floating-rate credit facilities and approximately \$62 million and \$58 million of non-recourse debt with floating rate exposure as of March 31, 2019 and December 31, 2018, respectively. Approximately \$32 million of the March 31, 2019 and December 31, 2018, floating rate exposure is hedged beginning in August 2019. Fixed-rate debt also includes the present notional value of non-recourse debt that is hedged using interest rate swaps. Debt excludes securitizations that are not consolidated on our balance sheet.

We intend to use leverage for the primary purpose of financing our Portfolio and business activities and not for the purpose of speculating on changes in interest rates. While we may temporarily exceed the leverage or fixed rate debt targets, if our board of directors approves a material change to these targets, we anticipate advising our stockholders of this change through disclosure in our periodic reports and other filings under the Exchange Act.

While we generally intend to hold our target assets that we do not securitize upon acquisition as long-term investments, certain of our investments may be sold in order to manage our interest rate risk and liquidity needs, to meet other operating objectives and to adapt to market conditions. The timing and impact of future sales of receivables and investments, if any, cannot be predicted with any certainty. Since we expect that our assets will generally be financed with debt, we expect that a significant portion of the proceeds from sales of our assets (if any), prepayments and scheduled amortization will be used to repay balances under our debt financing sources.

We believe these identified sources of liquidity in addition to our cash on hand will be adequate for purposes of meeting our short-term and long-term liquidity needs, which include funding future investments, operating costs and distributions to our stockholders. To qualify as a REIT, we must distribute annually at least 90% of our REIT's taxable income without regard to the deduction for dividends paid and excluding net capital gains. These dividend requirements limit our ability to retain earnings and thereby replenish or increase capital for growth and our operations.

Sources and Uses of Cash

We had approximately \$106 million and \$59 million of unrestricted cash, cash equivalents, and restricted cash as of March 31, 2019 and December 31, 2018, respectively.

Cash flows relating to operating activities

Net cash provided by operating activities was approximately \$3 million for the three months ended March 31, 2019, driven primarily by net income of \$14 million, offset by adjustments for non-cash and other items of \$11 million. The non-cash and other adjustments consisted of increases of \$2 million related to equity method investments, \$3 million of depreciation and amortization, and \$3 million related to equity-based compensation. These were offset by \$7 million related to gains on securitizations and \$12 million related to other items.

Net cash provided by operating activities was approximately \$5 million for the three months ended March 31, 2018, driven primarily by net loss of \$1 million and adjustments for non-cash and other items of \$6 million. The non-cash and other adjustments consisted of increases of \$9 million related to equity method investments, \$4 million of depreciation and amortization, \$3 million related to receivables held-for-sale, and \$2 million related to equity-based compensation. These were offset by \$7 million related to gains on securitizations and \$5 million of other items.

Cash flows relating to investing activities

Net cash provided by investing activities was approximately \$27 million for three months ended March 31, 2019. We made \$29 million of investments in receivables and fixed rate debt-securities, funded escrow accounts for \$12 million and made \$10 million of equity method investments. We collected \$20 million from equity method investments representing the return of capital determined under GAAP, \$23 million from receivables and fixed rate debt-securities, \$27 million from the sales of receivables, and withdrew \$8 million from escrow accounts.

Net cash provided by investing activities was approximately \$26 million for three months ended March 31, 2018. We made \$7 million of investments in receivables and fixed rate debt-securities, funded escrow accounts for \$10 million and had \$1 million of other outflows. We collected \$24 million from equity method investments representing the return of capital determined under GAAP, \$11 million from receivables and fixed rate debt-securities, and withdrew \$9 million from escrow accounts.

Cash flows relating to financing activities

Net cash provided by financing activities was approximately \$17 million for the three months ended March 31, 2019. We had non-recourse debt borrowings of \$14 million, borrowings from our credit facilities of \$27 million, and received \$46 million of net proceeds from the issuance of common stock. We made \$35 million of principal payments on non-recourse debt, \$2 million of principal payments on credit facilities, and \$6 million of payments on deferred funding obligations and paid \$27 million of dividends, distributions and other.

Net cash used in financing activities was approximately \$33 million for the three months ended March 31, 2018. We had non-recourse debt borrowings of \$31 million. We made \$29 million of principal payments on non-recourse debt, \$17 million of payments on deferred funding obligations and paid \$18 million of dividends, distributions and other.

Off-Balance Sheet Arrangements

We have relationships with non-consolidated entities or financial partnerships, such as entities often referred to as structured investment vehicles, or special purpose or variable interest entities, established to facilitate the sale of securitized assets. Other than our securitization assets (including any outstanding servicer advances) of approximately \$78 million as of March 31, 2019, that may be at risk in the event of defaults or prepayments in our securitization trusts and as discussed below, we have not guaranteed any obligations of non-consolidated entities or entered into any commitment or intent to provide additional funding to any such entities. A more detailed description of our relations with non-consolidated entities can be found in Note 2 of our financial statements included in this Form 10-Q.

In connection with some of our transactions, we have provided certain limited guaranties to other transaction participants covering the accuracy of certain limited representations, warranties or covenants and provided an indemnity against certain losses from "bad acts" including fraud, failure to disclose a material fact, theft, misappropriation, voluntary bankruptcy or unauthorized transfers. We have also guaranteed our compliance with certain tax matters, such as negatively impacting the investment tax credit and certain other obligations in the event of a change in ownership or our exercising certain protective rights.

Dividends

U.S. federal income tax law generally requires that a REIT distribute annually at least 90% of its REIT taxable income, without regard to the deduction for dividends paid and excluding net capital gains, and that it pays tax at regular corporate rates to the extent that it annually distributes less than 100% of its REIT taxable income. Our current policy is to pay quarterly distributions, which on an annual basis will equal or exceed substantially all of our REIT taxable income. Any distributions we make will be at the discretion of our board of directors and will depend upon, among other things, our actual results of operations. These results and our ability to pay distributions will be affected by various factors, including the net interest and other income from our portfolio, our operating expenses and any other expenditures. In the event that our board of directors determines to make distributions in excess of the income or cash flow generated from our assets, we may make such distributions from the proceeds of future offerings of equity or debt securities or other forms of debt financing or the sale of assets. To the extent that in respect of any calendar year, cash available for distribution is less than our taxable income, or our declared distribution we could be required to sell assets, borrow funds, or raise additional capital to make cash distributions or

make a portion of the required distribution in the form of a taxable stock distribution or distribution of debt securities. We will generally not be required to make distributions with respect to activities conducted through our domestic TRSs.

To the extent that we generate taxable income, distributions to our stockholders generally will be taxable as ordinary income, although all or a portion of such distributions may be designated by us as a qualified dividend or capital gain. For taxable years ending in 2018 through 2025, a deduction is permitted for certain pass-through business income, including "qualified REIT dividends" (generally, dividends received by a REIT stockholder that are not designated as capital gain dividends or qualified dividend income), which will allow U.S. individuals, trusts, and estates to deduct up to 20% of such amounts, subject to certain limitations, resulting in an effective maximum U.S. federal income tax rate of 29.6% on such qualified REIT dividends. In the event we make distributions to our stockholders in excess of our taxable income, the excess will constitute a return of capital. In addition, a portion of such distributions may be taxable stock dividends payable in our shares. We will furnish annually to each of our stockholders a statement setting forth distributions paid during the preceding year and their characterization as ordinary income, return of capital, qualified dividend income or capital gain.

The dividends declared in 2018 and 2019 are described under Note 11 to our financial statements in this Form 10-Q.

Book Value Considerations

As of March 31, 2019, we carried only our investments and residual assets in securitized receivables (included in other assets) at fair value on our balance sheet. As a result, in reviewing our book value, there are a number of important factors and limitations to consider. Other than our investments, interest rate swaps, and the residual assets in securitized receivables that are carried on our balance sheet at fair value as of March 31, 2019, the carrying value of our remaining assets and liabilities are calculated as of a particular point in time, which is largely determined at the time such assets and liabilities were added to our balance sheet using a cost basis in accordance with GAAP. As such, our remaining assets and liabilities do not incorporate other factors that may have a significant impact on their value, most notably any impact of business activities, changes in estimates, or changes in general economic conditions, interest rates or commodity prices since the dates the assets or liabilities were initially recorded. Accordingly, our book value does not necessarily represent an estimate of our net realizable value, liquidation value or our market value as a whole.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We anticipate that our primary market risks will be related to, the credit quality of our counterparties and project companies, market interest rates, the liquidity of our assets, and commodity prices. We will seek to manage these risks while, at the same time, seeking to provide an opportunity to stockholders to realize attractive returns through ownership of our common stock.

Credit Risks

We source and identify quality opportunities within our broad areas of expertise and apply our rigorous underwriting processes to our transactions, which, we believe, will generally enable us to minimize our credit losses and keep financing costs low. While we do not anticipate facing significant credit risk in our assets related to government energy efficiency projects, we are subject to varying degrees of credit risk in these projects in relation to guarantees provided by ESCOs where payments under energy savings performance contracts are contingent upon achieving pre-determined levels of energy savings. We are also exposed to credit risk in our other projects that do not benefit from governments as the obligor such as on balance sheet financing of projects undertaken by universities, schools and hospitals, as well as privately owned commercial projects. In the case of various renewable energy and other sustainable infrastructure projects, we will also be exposed to the credit risk of the obligor of the project's PPA or other long-term contractual revenue commitments, as well as to the credit risk of certain suppliers and project operators. Our level of credit risk has increased, and is expected to continue to increase, as our strategy increasingly includes mezzanine debt, real estate and equity investments. We seek to manage credit risk through due diligence and underwriting processes, strong structural protections in our transaction agreements with customers and continual, active asset management and portfolio monitoring. Nevertheless, unanticipated credit losses could occur and during periods of economic downturn in the global economy, our exposure to credit risks from obligors increases, and our efforts to monitor and mitigate the associated risks may not be effective in reducing our credit risks.

We utilize a risk rating system to evaluate projects that we target. We first evaluate the credit rating of the obligors involved in the project using an average of the external credit ratings for an obligor, if available, or an estimated internal rating based on a third-party credit scoring system. We then evaluate the probability of default and estimated recovery rate based on the obligors' credit ratings and the terms of the contract. We also review the performance of each investment, including through, as appropriate, a review of project performance, monthly payment activity and active compliance monitoring, regular communications with project management and, as applicable, its obligors, sponsors and owners, monitoring the financial performance of the collateral, periodic property visits and monitoring cash management and reserve accounts. The results of

our reviews are used to update the project's risk rating as necessary. Additional detail of the credit risks surrounding our Portfolio can be found in Note 6 of our financial statements included in this Form 10-Q.

Interest Rate and Borrowing Risks

Interest rate risk is highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations and other factors beyond our control.

We are subject to interest rate risk in connection with new asset originations and our borrowings, including our credit facilities, and in the future, any new floating rate assets, credit facilities or other borrowings. Because short-term borrowings are generally short-term commitments of capital, lenders may respond to market conditions, making it more difficult for us to secure continued financing. If we are not able to renew our then existing borrowings or arrange for new financing on terms acceptable to us, or if we default on our covenants or are otherwise unable to access funds under any of these borrowings, we may have to curtail our origination of new assets and/or dispose of assets. We face particular risk in this regard given that we expect many of our borrowings will have a shorter duration than the assets they finance. Increasing interest rates may reduce the demand for our investments while declining interest rates may increase the demand. Both our current and future credit facilities and other borrowings may be of limited duration and are periodically refinanced at then current market rates. We attempt to reduce interest rate risks and to minimize exposure to interest rate fluctuations through the use of fixed rate financing structures, when appropriate, whereby we seek to (1) match the maturities of our debt obligations with the maturities of our assets, (2) borrow at fixed rates for a period of time, like in our asset backed securitizations, or (3) match the interest rates on our assets with like-kind debt (i.e., we may finance floating rate assets with floating rate debt and fixed-rate assets with fixed-rate debt), directly or through the use of interest rate swap agreements, interest rate cap agreements or other financial instruments, or through a combination of these strategies. We expect these instruments will allow us to minimize, but not eliminate, the risk that we have to refinance our liabilities before the maturities of our assets and to reduce the impact of changing interest rates on our earnings. In addition to the use of traditional derivative instruments, we also seek to mitigate interest rate risk by using securitizations, syndications and other techniques to construct a portfolio with a staggered maturity profile. We monitor the impact of interest rate changes on the market for new originations and often have the flexibility to negotiate the term of our investments to offset interest rate increases.

Typically, our long-term debt is at fixed rates or we have used interest rate hedges that convert the majority of the floating rate debt to fixed rate. If interest rates rise, and our fixed rate debt balance remains constant, we expect the fair value of our fixed rate debt to decrease and the value of our hedges on floating rate debt to increase. See Note 3 to our financial statements in this Form 10-Q for the estimated fair value of our fixed rate long-term debt, which is based on having the same debt service requirements that could have been borrowed at the date presented, at prevailing current market interest rates.

Our credit facilities contain variable rate loans with approximately \$283 million outstanding as of March 31, 2019 and we have approximately \$62 million of variable rate exposure under our non-recourse debt. Significant increases in interest rates would result in higher interest expense while decreases in interest rates would result in lower interest expense. As described above, we may use various financing techniques including interest rate swap agreements, interest rate cap agreements or other financial instruments, or a combination of these strategies to mitigate the variable interest nature of these facilities. A 50 basis point increase in LIBOR would increase the quarterly interest expense related to the \$345 million in variable rate borrowings by \$0.4 million. Such hypothetical impact of interest rates on our variable rate borrowings does not consider the effect of any change in overall economic activity that could occur in a rising interest rate environment. Further, in the event of such a change in interest rates, we may take actions to further mitigate our exposure to such a change. However, due to the uncertainty of the specific actions that would be taken and their possible effects, the analysis assumes no changes in our financial structure.

We record certain of our assets at fair value in our financial statements and any changes in the discount rate would impact the value of these assets. See Note 3 of the financial statements in this Form 10-Q.

Liquidity and Concentration Risk

The assets that comprise our asset portfolio are not and will not be publicly traded. A portion of these assets may be subject to legal and other restrictions on resale or will otherwise be less liquid than publicly-traded securities. The illiquidity of our assets may make it difficult for us to sell such assets if the need or desire arises, including in response to changes in economic and other conditions. Many of the projects in which we invest have one obligor and thus we are subject to concentration risk for these investments and could incur significant losses if any of these projects perform poorly or if we are required to write down the value of any of these projects. Many of our assets, or the collateral supporting those assets, are concentrated in certain geographic areas, which may make those assets or the related collateral more susceptible to natural disasters or other events. See also "Credit Risks" above.

Commodity Price Risk

When we make equity or debt investments for a renewable energy project that acts as a substitute for an underlying commodity, we may be exposed to volatility in prices for that commodity. The performance of renewable energy projects that

produce electricity can be impacted by volatility in the market prices of various forms of energy, including electricity, coal and natural gas. This is especially true for utility scale projects that sell power on a wholesale basis such as many of our wind projects as opposed to distributed renewable projects or energy efficiency projects which compete against the retail or delivered costs of electricity which includes the cost of transmitting and distributing the electricity to the end user.

Although we generally focus on renewable energy projects that have the majority of their operating cash flow supported by long-term PPAs, to the extent that the projects have shorter term contracts (which may have the potential of producing higher current returns) or sell their power in the open market on a merchant basis, the cash flows of such projects, and thus the repayment of, or the returns available for, our assets, are subject to risk if energy prices change. We also attempt to mitigate our exposure through structural protections. These structural protections, which are typically in the form of a preferred return mechanism, are designed to allow recovery of our capital and an acceptable return over time. When structuring and underwriting these transactions, we evaluate these transactions using a variety of scenarios, including natural gas prices remaining low for an extended period of time. Despite these protections, as low natural gas prices continue or PPAs expire, the cash flows from certain of our projects are exposed to these market conditions and we work with the projects sponsors to minimize any impact as part of our on-going active asset management and portfolio monitoring. In the case of utility scale solar projects, we focus on owning the land under the project where our rent is paid out of project operational costs before the debt or equity in the project receives any payments.

We believe the current low prices in natural gas will increase demand for some types of our projects, such as combined heat and power, but may reduce the demand for other projects such as renewable energy that may be a substitute for natural gas. We seek to structure our energy efficiency investments so that we typically avoid exposure to commodity price risk. However, volatility in energy prices may cause building owners and other parties to be reluctant to commit to projects for which repayment is based upon a fixed monetary value for energy savings that would not decline if the price of energy declines.

Risk Management

Our ongoing active asset management and portfolio monitoring processes provide investment oversight and valuable insight into our origination, underwriting and structuring processes. These processes create value through active monitoring of the state of our markets, enforcement of existing contracts and receivables management. Subject to maintaining our qualification as a REIT, and as described above, we engage in a variety of interest rate management techniques that seek to mitigate the economic effect of interest rate changes on the values of, and returns on, some of our assets. While there has only been one credit loss, amounting to approximately \$11 million (net of recoveries) on the approximately \$6 billion of transactions we originated since 2012, which represents an aggregate loss of less than approximately 0.2% on cumulative transactions originated over this time period, there can be no assurance that we will continue to be as successful, particularly as we invest in more credit sensitive assets or more equity positions and engage in transactions with obligors other than U.S. federal government agencies. We seek to manage credit risk using thorough due diligence and underwriting processes, strong structural protections in our loan agreements with customers and continual, active asset management and portfolio monitoring. Additionally, we have established a Finance and Risk Committee of our board of directors which discusses and reviews policies and guidelines with respect to our risk assessment and risk management for various risks, including, but not limited to, our interest rate, counter-party, credit, capital availability and refinancing risks.

Item 4. Controls and Procedures

The Company's Chief Executive Officer and Chief Financial Officer, based on their evaluation of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) required by paragraph (b) of Rule 13a-15 or Rule 15d-15, have concluded that as of March 31, 2019, the Company's disclosure controls and procedures were effective to give reasonable assurances to the timely collection, evaluation and disclosure of information relating to the Company that would potentially be subject to disclosure under the Exchange Act and the rules and regulations promulgated thereunder.

Notwithstanding the foregoing, a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover failures within the Company to disclose material information otherwise required to be set forth in our periodic reports.

Changes in Internal Controls over Financial Reporting

There have been no changes in the Company's "internal control over financial reporting" (as defined in Rule 13a-15(f) of the Exchange Act) that occurred during the three month period ended March 31, 2019, that have materially affected, or was reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, we may be involved in various claims and legal actions in the ordinary course of business. As of March 31, 2019, we are not currently subject to any legal proceedings that are likely to have a material adverse effect on our financial position, results of operations or cash flows.

Item 1A. Risk Factors

For a discussion of our potential risks and uncertainties, see the information in Item 1A. "Risk Factors" of our 2018 Form 10-K, filed with the SEC, which is accessible on the SEC's website at www.sec.gov.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds***Purchases of Equity Securities by the Issuer and Affiliated Purchasers***

During the three months ended March 31, 2019, certain of our employees surrendered common stock owned by them to satisfy their federal and state tax obligations associated with the vesting of their restricted stock awards.

The table below summarizes all of our repurchases of common stock during 2019. These repurchases are related to the surrender of common stock by certain of our employees to satisfy their tax and other compensation related withholdings associated with the vesting of restricted stock. The price paid per share is based on the closing price of our common stock as of the date of the withholding.

Period	Total number of shares purchased	Average price per share	Total number of shares purchased as part of publicly announced plans or programs	Maximum number of shares that may yet be purchased under the plans or programs
March 2019	253,743	25.31	N/A	N/A

We exchanged no OP units held by our non-controlling interest holders for shares of our common stock during the three months ended March 31, 2019.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.

Item 6. Exhibits

Exhibit number	Exhibit description
3.1	Articles of Amendment and Restatement of Hannon Armstrong Sustainable Infrastructure Capital, Inc. (incorporated by reference to Exhibit 3.1 to the Registrant's Form 10-Q for the quarter ended June 30, 2013 (No. 001-35877), filed on August 9, 2013)

Chief Accounting Officer and Senior Vice President

EMPLOYMENT AGREEMENT

THIS EMPLOYMENT AGREEMENT (“**Agreement**”) is made as of March 1, 2019, by and between **Hannon Armstrong Sustainable Infrastructure Capital, Inc.** a Maryland corporation (the “**Company**”), and Jeffrey Lipson, an individual (the “**Employee**”).

For good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the Company and Employee agree as follows:

- Term.** The Company hereby agrees to employ the Employee, and the Employee hereby agrees to work for the Company, on the terms and conditions hereinafter set forth. The term of this Agreement will commence as of the start date of March 1, 2019 (the “**Commencement Date**”) and terminate on a date specified by the Company or the Employee in a notice given, at will, with or without Cause (as defined below), by either party to the other not less than 30 days prior to such date, unless such term is sooner terminated as herein provided.
- Duties.** The Employee agrees to be employed by the Company in such capacities as the Company may from time to time direct, it being the intent of the parties that the Employee will serve in the capacity of Executive Vice President, Chief Financial Officer and Treasurer, and as such, the Employee shall faithfully perform for the Company the duties of such office and shall have such responsibilities as are customary for an Executive Vice President and Chief Financial Officer employed by a public company of similar size and nature. The Employee shall report directly to the Chief Executive Officer of the Company. During the term of this Agreement, the Employee will devote his full time and exclusive attention during normal business hours to, and use his best efforts to advance, the business and welfare of the Company, its affiliates, subsidiaries and successors in interest. During the term of his employment with the Company, the Employee shall not engage in any other employment activities for any third party for any direct or indirect remuneration without the prior written consent of the Company. It is acknowledged hereunder that Employee currently serves as a Director of Congressional Bank for which he receives compensation, and such service has been approved by the Company.
- Compensation.** For all services provided by the Employee, the Company shall compensate Employee in such amounts and upon such terms as the parties may agree from time to time. The initial Base Salary and Annual Bonus amounts set forth in Exhibit A attached hereto are made a part of this Agreement. The Compensation Committee of the Board (the “**Compensation Committee**”) shall review the Employee’s Base Salary and Annual Bonus in good faith on an annual basis and may provide for increases or decreases thereto, and shall set the criteria for earning such Annual Bonus, as it may in its sole discretion deem appropriate.
- Other Benefits.** During the term of employment with the Company, the Employee will be eligible to participate in fringe benefit programs that the Company generally makes available to its employees, including medical and dental insurance and life insurance; *provided* that nothing herein shall be construed as restricting the Company’s right to unilaterally modify or terminate any of such programs at any time with or without notice. Without limiting the generality of this Section 4, the Employee shall be entitled to paid vacation of 20 business days per year (to be taken at reasonable times in accordance with the Company’s policies).
- Equity Awards.** The Employee will be eligible to receive an award of limited partner profit interests (“**LTIP Units**”) under the 2013 Hannon Armstrong Sustainable Infrastructure Capital, Inc. Equity Incentive Plan (the “**Equity Incentive Plan**”) and an appropriate LTIP Unit award agreement when grants of LTIP Units are otherwise made by the Company to similarly situated executives of the Company. In the event that the Company terminates the Employee’s employment with the Company other than for Cause within 60 days before or 90 days after a Change in Control (as defined in the Equity Incentive Plan), all of the Employee’s (A) LTIP Units, (B) shares of restricted stock and (C) other stock-based compensation that were granted under the Equity Incentive Plan or any successor plan and that are outstanding at the time of such termination shall become fully vested and nonforfeitable.
- Death or Disability.** If the Employee dies or becomes totally disabled during the term of his employment, the Employee’s employment with the Company will automatically terminate and all obligations of the Company hereunder will terminate as of the end of the month in which such event occurs.

7. **Certain Terminations of Employment.**

- (a) In the event that (i) the Company terminates the Employee's employment with the Company for Cause, (ii) the Employee terminates the Employee's employment with the Company for any reason or (iii) the Employee's employment with the Company is terminated by reason of death or disability pursuant to Section 6, the Company shall pay to the Employee (or the Employee's estate or beneficiaries), in a lump sum payment within 30 days following the effective date the Employee's termination of employment, an amount equal to the Base Salary, Annual Bonus and other benefits earned and accrued under this Agreement but not yet paid prior to the effective date of termination (collectively, the "**Accrued Benefits**").
- (b) In the event that the Company terminates the Employee's employment with the Company for reasons other than for Cause, the Company shall pay to the Employee severance compensation in a lump sum payment within 30 days following the effective date the Employee's termination of employment in an amount equal to (i) the Accrued Benefits, (ii) the then-current monthly Base Salary payable under paragraph 3 hereof, as of the date of termination, for the nine (9) months following the date of termination, and (iii) 75% of the Employee's average Annual Bonus payable under paragraph 3 hereof actually received in respect of the three fiscal years (or such fewer number of fiscal years with respect to which the Employee received an Annual Bonus) prior to the year of termination.
- (c) In the event that the Company terminates the Employee's employment with the Company for reasons other than for Cause, the Company shall provide, for the period beginning on the date of the termination of the Employee's employment with the Company and ending on the earlier of (x) twelve (12) months following the Employee's termination employment and (y) the date on which the Employee's coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("**COBRA**"), terminates as provided by law (and the Employee shall notify the Company of any subsequent employment through which he is provided medical coverage), Company-paid medical coverage at the same rates as in effect prior to the date of termination of Employee's employment (so long as applicable law and regulations permit such Company payment without imposition of a tax or penalty on the Company or other plan participants or otherwise adversely affecting the Company, the applicable plan or other participants in the plan), or, at the Company's option, the cash amount necessary to obtain equivalent coverage.
- (d) For purposes of this Agreement, "**Cause**" shall mean, the Employee's: (i) commission of, and indictment for or formal admission to, a felony involving moral turpitude, deceit, dishonesty or fraud (but excluding traffic violations); (ii) willful and material misconduct or gross misconduct in connection with the performance of the Employee's duties, including, without limitation, embezzlement or the misappropriation of funds or property of the Company; (iii) failure to adhere to lawful directions of the Chief Executive Officer, to adhere to the Company's policies and practices, or as required in Section 2 hereof, to devote substantially all of the Employee's business time and efforts to the Company, which failure continues for a period of 30 business days after written demand for corrective action is delivered by the Company; or (iv) material breach of the terms and provisions of this Agreement and the failure to cure such breach within 10 days following written notice from the Company specifying such breach.
- (e) Notwithstanding any other provision of this Agreement, the Company shall not be required to provide the payments and benefits provided for under Sections 7(b) and (c) unless the Employee executes and delivers to the Company a waiver and release substantially in the form attached hereto as Exhibit B and such waiver and release becomes effective and irrevocable within 21 days following the date of termination.

8. **Company Policies.** The Employee acknowledges and agrees that he will carefully review each of the policies set forth in the Company Policy Handbook provided to the Employee and will acknowledge his review and acceptance of such policies and the obligations required of the Employee by signing the applicable signature blocks therein and returning the executed version to the Office of the General Counsel. Employee likewise acknowledges and agrees to abide by any revision or addition to the Company policies as may be issued by the Company from time to time throughout the term of employment.

9. **Restrictive Covenants.**

- (a) **Covenants.** The Employee acknowledges that (i) the principal business of the Company (which expressly includes for purposes of this Section 9 (and any related enforcement provisions hereof), its successors and assigns) is to provide debt and equity financing for sustainable infrastructure projects that increase energy efficiency, provide cleaner energy sources, positively impact the environment and make more efficient use of natural resources (such businesses, and any and all other businesses in which, at the time of the Employee's termination, the Company is actively and regularly engaged or actively pursuing, herein being collectively referred to as the "**Business**"); (ii) the Company is one of the limited number of persons who have developed such a business; (iii) the Company's Business is national in scope; (iv) the Employee's work for the Company has given and will continue to give him access to the confidential affairs and proprietary information of the Company; (v) the covenants and agreements of the Employee contained in this Section 9 are essential to the business and goodwill of the Company; and (vi) the Company would not have entered into this Agreement but for the covenants and agreements set forth in this Section 9. Accordingly, the Employee covenants and agrees that:
- (i) By and in consideration of the salary and benefits to be provided by the Company hereunder, including the severance arrangements set forth herein, and further in consideration of the Employee's exposure to the proprietary information of the Company, the Employee covenants and agrees that, during the period commencing on the date hereof and ending nine (9) months following the date upon which the Employee shall cease to be an employee of the Company and its affiliates (the "**Restricted Period**"), the Employee shall not in the Restricted Territory (as defined below), directly or indirectly, whether as an owner, partner, shareholder, principal, agent, employee, consultant or in any other relationship or capacity, (i) engage in the Business (other than for the Company or its affiliates) or otherwise compete with the Company or its subsidiaries in the Business or (ii) render to a person, corporation, partnership or other entity engaged in the Business the same services that the Employee renders to the Company; provided, however, that, notwithstanding the foregoing, (A) the Employee may invest in securities of any entity, solely for investment purposes and without participating in the business thereof, if (x) such securities are listed on any national securities exchange, (y) the Employee is not a controlling person of, or a member of a group which controls, such entity, and (z) the Employee does not, directly or indirectly, own 5% or more of any class of securities of such entity; and (B) the Employee may continue to serve on any board of directors on which the Employee was serving as of the date of the Employee's termination of employment; and (C) the Employee may be employed by or provide services for a company (a "**Conglomerate**") with multiple lines of businesses, including a line of business competitive with the Company, so long as the following conditions are satisfied: (w) the Conglomerate derives less than ten percent (10%) of its total annual revenue from the line of business that is competitive with the Company (the "**Competitive Division**"), (x) the Employee is employed by or provides services to a line of business of Conglomerate that is not competitive with the Company; and (y) the Employee does not perform services for the Competitive Division; and (z) the Employee (A) provides the Company with advance notice of such employment or service and (B) informs the Conglomerate in writing of its obligations under this Section 9.
- (ii) For purposes of this Agreement, the "**Restricted Territory**" shall mean any (i) state in the United States and (ii) foreign country or jurisdiction, in the case of clause (i) or (ii), in which the Company (x) is actively conducting the Business during the Term or (y) has initiated a plan adopted by the Board to conduct the Business in the two years following the Term.
- (iii) During and after the Term, the Employee shall keep secret and retain in strictest confidence, and shall not use for the Employee's benefit or the benefit of others, except in connection with the business and affairs of the Company and its affiliates, all non-public confidential matters relating to the Company's Business and the business of any of its affiliates and to the Company and any of its affiliates, learned by the Employee heretofore or hereafter directly or indirectly from the Company or any of its affiliates (the "**Confidential Company Information**"), and shall not disclose such Confidential Company Information to anyone outside of the Company except in the course of the Employee's duties or with the CEO's express written consent. Confidential Company Information does not include information which is at the time of receipt or thereafter becomes publicly known through no wrongful act of the Employee or is received from a third party not under an obligation to keep such information confidential and without breach of this Agreement or which is independently developed or obtained by the Employee on the Employee's own time without reliance upon any confidential information of the Company or use of any Company resources. Notwithstanding anything in this agreement to the contrary, the Employee may disclose Confidential Company Information where the Employee is required to do so by law, regulation, court order, subpoena, summons or other valid legal process; provided, that the Employee, so long as legally permitted to do so, first (i) promptly notifies the Company, (ii) uses commercially reasonable efforts to consult with the Company with respect to and in advance of the disclosure thereof, and (iii) reasonably cooperates with the Company to narrow the scope of the disclosure required to be made, in each case, solely at the Company's expense.
- (iv) During the Restricted Period, the Employee shall not, without the Company's prior written consent, directly or indirectly, solicit or encourage to leave the employment or other service of the Company or any of its subsidiaries, any person or entity who is or was during the 6-month period preceding the Employee's termination of employment, an employee, agent or independent contractor of the Company or any of its subsidiaries. During the Restricted Period, the Employee shall not, whether for the Employee's own account or for the account of any other person, firm, corporation or other business organization, solicit for a competing business or intentionally interfere with the Company's or any of its subsidiaries' relationship with, or endeavor to entice away from the Company for a competing business, any person who is or was during the 6-month period preceding the Employee's termination of employment, a customer, client, agent, or independent contractor of the Company or any of its subsidiaries. For purposes hereof, "customer" and "client," as such terms relate to government customers, mean the program office to which the Company is or was providing any goods or services as of the date hereof or during the one-year period prior to the date hereof.

- (v) All memoranda, notes, lists, records, property and any other tangible product and documents (and all copies thereof), whether visually perceptible, machine-readable or otherwise, made, produced or compiled by the Employee or made available to the Employee containing Confidential Company Information (i) shall at all times be the property of the Company (and, as applicable, any affiliates) and shall be delivered to the Company at any time upon its request, and (ii) upon the Employee's termination of employment, shall be promptly returned to the Company. This section shall not apply to materials that the Employee possessed prior to the Employee's business relationship with the Company, to the Employee's personal effects and documents, and to materials prepared by the Employee for the purposes of seeking legal or other professional advice.
- (vi) At no time during the Employee's employment by the Company or at any time thereafter shall the Employee or any representative of the Company publish any statement or make any statement under circumstances reasonably likely to become public that is critical of the other party, or in any way otherwise be materially injurious to the Business or reputation of the other party, unless otherwise required by applicable law or regulation or by judicial order.

(b) Rights and Remedies upon Breach.

- (i) The parties hereto acknowledge and agree that any breach of any of the provisions of Section 9 or any subparts thereof (individually or collectively, the "**Restrictive Covenants**") may result in irreparable injury and damage for which money damages would not provide an adequate remedy. Therefore, if either party breaches, or threatens to commit a breach of, any of the provisions of Section 9 or any subpart thereof, the other party and its affiliates, in addition to, and not in lieu of, any other rights and remedies available to the other party and its affiliates under law or in equity (including, without limitation, the recovery of damages), shall have the right and remedy to seek to have the Restrictive Covenants or other obligations herein specifically enforced (without posting bond and without the need to prove damages) by any court having equity jurisdiction, including, without limitation, the right to seek an entry of restraining orders and injunctions (preliminary, mandatory, temporary and permanent) against violations, whether or not then continuing, of such covenants.
- (ii) The Employee agrees that the provisions of Section 9 of this Agreement and each subsection thereof are reasonably necessary for the protection of the Company's legitimate business interests and if enforced, will not prevent the Employee from obtaining gainful employment should the Employee's employment with the Company end. The Employee agrees that in any action seeking specific performance or other equitable relief, the Employee will not assert or contend that any of the provisions of this Section 9 are unreasonable or otherwise unenforceable as drafted. The existence of any claim or cause of action by the Employee, whether predicated on this Agreement or otherwise, shall not constitute a defense to the enforcement of the Restrictive Covenants.

(c) The provisions of this Paragraph 9 will survive any termination of this Agreement.

10. **Notices.** All notices and other communications required or permitted under this Agreement shall be in writing, served personally on, or mailed by registered or certified United States mail to, in the case of notices to the Employee, to the Employee's residence set forth in the employment records of the Company and in the case of notices to the Company, to the Company's principal executive office to the attention of the General Counsel.
11. **Entire Agreement.** This Agreement contains the entire understanding between the parties and supersedes any prior written or oral agreements between them. There are no representations, warranties, covenants, agreements or understandings oral or written, between the parties relating to the employment of the Employee which are not fully expressed herein. This Agreement shall not be modified or waived except by written instrument and signed by the parties.
12. **Severability.** The provisions of this Agreement shall be deemed severable, and if any part of any provision is held by any court of competent jurisdiction to be illegal, void, invalid or unenforceable in whole or in part as to any party, such provision may be changed, consistent with the intent of the parties hereto, to the extent reasonably necessary to make such provision, as so changed, legal, valid, binding and enforceable. If such provision cannot be changed consistent with the intent of the parties hereto to make it legal, valid, binding and enforceable, then such provision shall be stricken from this Agreement, and the remaining provisions of this Agreement shall not be affected or impaired but shall remain in full force and effect.

13. **Binding Effect.** This Agreement shall inure to the benefit of and be binding upon the parties and their respective executors, administrators, personal representatives, heirs, legatees, devisees, assigns and successors in interest.
14. **Governing Law.** This Agreement has been entered into in, and shall be construed and enforced in accordance with, the laws of the State of Maryland, without giving effect to the principles of conflicts of law thereof.
15. **Counterparts; Effectiveness.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement. This Agreement will become effective when the Company receives a counterpart hereof executed by the Employee and the Company.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first above written.

EXHIBIT A

"Base Salary": \$350,000 per annum, payable in accordance with the customary payroll practices of the Company applicable to senior executives from time to time.

"Annual Bonus": Target of 125% of Base Salary. The Company currently expects to pay 50% of the bonus in cash, with the balance paid in shares of the Company's common stock, based on the dollar amount of bonus earned and the shares calculated using the closing price on January 2, 2019 of \$19.78 per share, with a 1 year cliff vesting on such shares from the date of grant (expected to occur around the time the Company files its Report on Form 10-K). Similar to other members of the Company's management team, criteria for earning the Annual Bonus will be determined by the Compensation Committee, with 70% based on corporate financial measures, 15% on key strategic initiatives, and 15% individual goals. The Annual Bonus shall be paid in the fiscal year following the fiscal year for which such bonus is awarded, but in all events shall be paid no later than March 15 of such following fiscal year.

EXHIBIT B

Form of Waiver and Release

This Waiver and General Release of all Claims (this "Agreement") is entered into by [] (the "Executive") and Hannon Armstrong Sustainable Infrastructure Capital, Inc., a Maryland corporation (the "Company"), effective as of [DATE] (the "Effective Date").

In consideration of the promises set forth in the Employment Agreement between the Executive and the Company, dated [], 2019 (the "Employment Agreement"), the Executive and the Company agree as follows:

1. General Releases and Waivers of Claims.

- (a) Executive's Release of Company. In consideration of the payments and benefits provided to the Executive under Section 7 of the Employment Agreement and after consultation with counsel, the Executive (or the Executive's estate, as applicable) hereby irrevocably and unconditionally releases and forever discharges the Company and its past, present and future parent entities, subsidiaries, divisions, affiliates and related business entities, any of its or their successors and assigns, assets, employee benefit plans or funds, and any of its or their respective past, present and/or future directors, officers, fiduciaries, agents, trustees, administrators, managers, supervisors, stockholders, employees and assigns, whether acting on behalf of the Company or in their individual capacities (collectively, "Company Parties") from any and all claims, actions, causes of action, rights, judgments, obligations, damages, demands, accountings or liabilities of whatever kind or character (collectively, "Claims"), including, without limitation, any Claims under any federal, state, local or foreign law, that the Executive (or the Executive's estate, as applicable) may have, or in the future may possess, arising out of the Executive's employment relationship with and service as an employee, officer or director of the Company, and the termination of such relationship or service; provided, however, that the Executive (or the Executive's estate, as applicable) does not release, discharge or waive (A) any rights to payments and benefits provided under the Employment Agreement, (B) any right the Executive (or the Executive's estate, as applicable) may have to enforce this Agreement, the Award Agreements or the Employment Agreement, (C) the Executive's rights under the Indemnification Agreement and rights to indemnification and advancement of expenses in accordance with the Company's certificate of incorporation, bylaws or other corporate governance document, or any applicable insurance policy, (D) any claims for benefits under any employee benefit or pension plan of the Company Parties subject to the terms and conditions of such plan and applicable law including, without limitation, any such claims under the Employee Retirement Income Security Act of 1974, or (E) any right or claim that the Executive (or the Executive's estate, as applicable) may have to obtain contributions as permitted by applicable law in an action in which both the Executive on the one hand or any Company Party on the other hand are held jointly liable.
- (b) Executive's Specific Release of ADEA Claims. In further consideration of the payments and benefits provided to the Executive under Section 7 of the Employment Agreement, the Executive hereby unconditionally release and forever discharge the Company Parties from any and all Claims that the Executive may have as of the date the Executive signs this Agreement arising under the Federal Age Discrimination in Employment Act of 1967, as amended, and the applicable rules and regulations promulgated thereunder ("ADEA"). By signing this Agreement, the Executive hereby acknowledges and confirms the following: (i) the Executive was advised by the Company in connection with the Executive's termination to consult with an attorney of the Executive's choice prior to signing this Agreement and to have such attorney explain to the Executive the terms of this Agreement, including, without limitation, the terms relating to the Executive's release of claims arising under ADEA, and the Executive has been given the opportunity to do so; (ii) the Executive was given a period of not fewer than 21 days to consider the terms of this Agreement and to consult with an attorney of the Executive's choosing with respect thereto; and (iii) the Executive knowingly and voluntarily accepts the terms of this Agreement. The Executive also understands that the Executive has seven days following the date on which the Executive signs this Agreement within which to revoke the release contained in this paragraph, by providing the Company a written notice of the Executive's revocation of the release and waiver contained in this paragraph.
- (c) No Assignment. The Executive (or the Executive's estate, as applicable) represents and warrants that the Executive (or the Executive's estate, as applicable) has not assigned any of the Claims being released under this Agreement.

2. Waiver of Relief. The Executive (or the Executive's estate, as applicable) acknowledges and agrees that by virtue of the foregoing, the Executive (or the Executive's estate, as applicable) has waived any relief available to him/it (including without limitation, monetary damages and equitable relief, and reinstatement) under any of the Claims waived in paragraph 1. Therefore the Executive (or the Executive's estate, as applicable) agrees that he/it will not accept any award or settlement from any source or proceeding (including but not limited to any proceeding brought by any other person or by any government agency) with respect to any Claim or right waived in this Agreement. Nothing in this Agreement shall be construed to prevent the Executive (or the Executive's estate, as applicable) from cooperating with or participating in an investigation conducted by, any governmental agency, to the extent required or permitted by law.
3. Severability Clause. In the event any provision or part of this Agreement is found to be invalid or unenforceable, only that particular provision or part so found, and not the entire Agreement, will be inoperative.
4. Non-admission. Nothing contained in this Agreement will be deemed or construed as an admission of wrongdoing or liability on the part of the Company or any other Company Party or the Executive.
5. Governing Law. All matters affecting this Agreement, including the validity thereof, are to be governed by, and interpreted and construed in accordance with, the laws of the State of Maryland applicable to contracts executed in and to be performed in that State.
6. Notices. All notices or communications hereunder shall be made in accordance with Section 10 of the Employment Agreement.

THE EXECUTIVE (OR THE EXECUTIVE'S ESTATE, AS APPLICABLE) ACKNOWLEDGES THAT THE EXECUTIVE HAS READ THIS AGREEMENT AND THAT HE/IT FULLY KNOWS, UNDERSTANDS AND APPRECIATES ITS CONTENTS, AND THAT HE/IT HEREBY EXECUTES THE SAME AND MAKES THIS AGREEMENT AND THE RELEASE AND AGREEMENTS PROVIDED FOR HEREIN VOLUNTARILY AND OF HIS/ITS OWN FREE WILL.

Name:

Title:

**LTIP UNIT VESTING AGREEMENT
UNDER THE
2013 HANNON ARMSTRONG SUSTAINABLE INFRASTRUCTURE CAPITAL, INC.
EQUITY INCENTIVE PLAN**

Grantee: _____
No. of LTIP Units: _____
Grant Date: _____
Final Acceptance Date: _____

Pursuant to the 2013 Hannon Armstrong Sustainable Infrastructure Capital, Inc. (the “**Company**”) Equity Incentive Plan (the “**Plan**”) and the Amended and Restated Agreement of Limited Partnership of Hannon Armstrong Sustainable Infrastructure, L.P., dated as of April 23, 2013 (the “**Partnership Agreement**”), as amended from time to time, of Hannon Armstrong Sustainable Infrastructure, L.P., a Delaware limited partnership (the “**Partnership**”), the Committee grants to Grantee named above an Award (as defined in the Plan, and referred to herein as an “**Award**”) in the form of, and by causing the Partnership to issue to Grantee named above, LTIP Units (as defined in the Partnership Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein and in the Partnership Agreement. If this LTIP Unit Vesting Agreement (this “**Agreement**”) is accepted prior to the Final Acceptance Date, Grantee shall receive the number of LTIP Units specified above as of the Grant Date, subject to the restrictions and conditions set forth herein, in the Plan and in the Partnership Agreement. All capitalized terms not otherwise defined herein shall have the same meanings as set forth in the Plan.

1. **Acceptance of Agreement.** Grantee shall have no rights with respect to this Agreement unless Grantee has accepted this Agreement prior to the close of business on the Final Acceptance Date specified above by (i) signing and delivering to the Partnership a copy of this Agreement and (ii) unless Grantee is already a Limited Partner (as defined in the Partnership Agreement), signing, as a Limited Partner, and delivering to the Partnership a counterpart signature page to the Partnership Agreement (attached hereto as Annex A). If this Agreement is accepted by Grantee prior to the Final Acceptance Date, Grantee shall have all the rights of a Limited Partner of the Partnership with respect to the number of LTIP Units then issued to Grantee, as set forth in the Partnership Agreement, subject, however, to the restrictions and conditions specified in Sections 2, 3 and 6, below.
2. **Vesting.** Subject to the Grantee’s continued performance of services to the Company, LTIP Units granted under the Award shall become vested and nonforfeitable (“**Earned LTIP Units**”) on [---].
3. **Restrictions and Conditions.**
 - (a) The records of the Partnership evidencing the LTIP Units granted herein shall bear an appropriate legend, as determined by the Partnership in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the Partnership Agreement.
 - (b) Subject to the provisions of the Plan and this Agreement, until LTIP Units become Earned LTIP Units, Grantee shall not be permitted voluntarily or involuntarily to sell, transfer, pledge, hypothecate, alienate, encumber or assign such LTIP Units (or have the LTIP Units attached or garnished).
4. **Termination of Service.**
 - (a) In the event of Grantee’s Termination of Service for any reason:
 - (i) Subject to clause (ii), below, upon Grantee’s Termination of Service for any reason before the vesting date set forth in Section 2, all LTIP Units under this Award shall thereupon, and with no further action, be forfeited by Grantee.
 - (ii) In the event Grantee has a Termination of Service on account of death or Disability, all LTIP Units under this Award shall become Earned LTIP Units.
5. **Distributions.** Distributions on the LTIP Units underlying the Award shall be paid to Grantee in accordance with the terms of the Partnership Agreement; provided, however, that notwithstanding Section 13.02(a)(iv) of the Partnership Agreement, upon a Liquidating Event, distributions in respect of the LTIP Units pursuant to Section 13.02(a)(iv) of the Partnership Agreement shall not exceed the lesser of (i) the amount provided to be distributed in respect of the LTIP Units under Section 13.02(a)(iv) of the Partnership Agreement and (ii) the amount that would be distributed in respect of the LTIP Units under Section 13.02(a)(iv) of the Partnership Agreement if such provision provided for distribution to the Partners and Assignees in accordance with their Capital Account balances, after giving effect to all contributions, distributions and allocations for all periods.
6. **Covenants, Representation and Warranties.** Grantee hereby covenants as follows:

- (a) So long as Grantee holds any LTIP Units granted herein, Grantee shall disclose to the Partnership in writing such information as may be reasonably requested with respect to ownership of such LTIP Units as the Partnership may deem reasonably necessary to ascertain and to establish compliance with provisions of the Code, as applicable to the Partnership or to comply with the requirements of any other appropriate tax authority.
 - (b) Grantee hereby agrees to make an election under Section 83(b) of the Code with respect to the LTIP Units awarded hereunder, and has delivered with this Agreement a completed, executed copy of the election form attached hereto as Annex B. Grantee agrees to file the election within 30 days after the Grant Date with the Internal Revenue Service, to promptly provide a copy of such filed election to the Company, and to file a copy of such election with Grantee's U.S. federal income tax return for the taxable year in which such LTIP Units are awarded to Grantee.
 - (c) Grantee hereby agrees not to dispose of the LTIP Units subject to this Award within two years following receipt of such LTIP Units. The Partnership and Grantee hereby agree to treat Grantee as the owner of such LTIP Units from the Grant Date. Grantee hereby agrees to take into account the distributive share of Partnership income, gain, loss, deduction, and credit associated with such LTIP Units in computing Grantee's income tax liability for the entire period during which Grantee has such LTIP Units.
 - (d) Grantee hereby recognizes that the Internal Revenue Service has proposed regulations under Sections 83 and 704 of the Code that may affect the proper treatment of the LTIP Units granted herein for federal income tax purposes. In the event that those proposed regulations are finalized, Grantee hereby agrees to cooperate with the Partnership in amending this Agreement and the Partnership Agreement, and to take such other action as may be required, to conform to such regulations.
 - (e) Grantee has received and read a copy of the Partnership Agreement and the Plan and has had his or her tax advisors advise him or her on the application of U.S. federal income tax laws, and the tax laws of any state, local or other taxing jurisdiction to which Grantee is or by reason of the Award may become subject to.
 - (f) Grantee is an "accredited investor" as defined under Rule 501 of Regulation D of the Securities Act of 1933, as amended. Grantee is capable of evaluating the merits and risks of the acquisition and ownership of the LTIP Units and has obtained all information regarding the Partnership (and its applicable affiliates) and the LTIP Units as Grantee deems appropriate, and has relied solely upon such information, and Grantee's own knowledge, experience and investigation, and those of his, her or its advisors, and not upon any representations of the Partnership and/or the Company, in connection with his, her or its investment decision in acquiring the LTIP Units. Grantee and his, her or its professional advisors have had an opportunity to conduct, and have so conducted if so desired, a due diligence investigation of the Partnership in connection with the decision to acquire the LTIP Units and in such regard have done all things as Grantee and they have deemed appropriate and have had an opportunity to ask questions of and receive answers from the Partnership and the Company, and have done so, as they have deemed appropriate.
7. **Clawback.** The Award is subject to any incentive compensation clawback or recoupment policy currently in effect or as may be adopted by the Board, and in each case, as may be amended from time to time.
 8. **Assignment and Transfer.** Except as the Committee may otherwise permit pursuant to the Plan, the rights and interests of Grantee under this Agreement may not be sold, assigned, encumbered, pledged, or otherwise transferred except in the event of the death of Grantee, by will or by the laws of descent and distribution. In the event of any attempt by Grantee to sell, assign, encumber, pledge or otherwise transfer its rights and interests hereunder, except as provided in this Agreement, or in the event of the levy or any attachment, execution or similar process upon the rights or interests hereby conferred, the Company or the Partnership may require Grantee to forfeit the LTIP Units granted herein by notice to Grantee, and such LTIP Units and all rights hereunder shall thereupon become null and void. The rights and protections of the Company and the Partnership hereunder shall extend to any successors or assigns of the Company and the Partnership.
 9. **Incorporation of the Plan.** This Agreement is made under and subject to and governed by all of the terms and conditions of the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. By signing this Agreement, Grantee confirms that he or she has received a copy of the Plan and has had an opportunity to review the contents thereof. Any shares of Stock issued in exchange for partnership units into which LTIP Units may have been converted pursuant to the Partnership Agreement will be issued under the Plan.
 10. **Amendment.** Grantee acknowledges that the Plan may be amended or discontinued in accordance with Section 13 thereof and that this Agreement may be amended or canceled by the Board or the Committee, on behalf of the Partnership, for the purpose of satisfying changes in law or for any other lawful purpose, provided that no such action shall materially impair Grantee's rights under this Agreement without Grantee's written consent.
 11. **No Right to Continued Service Relationship.** Neither the Plan nor this Agreement will give Grantee any right to continue to provide services to the Company, the Partnership or any of their Affiliates, affect the right of the Company, the Partnership or any of their Affiliates to discharge or discipline such Grantee at any time, or affect any right of such Grantee to terminate his or her services relationship at any time.

12. **Grant of Power of Attorney.** By executing this Agreement, Grantee, effective upon acceptance of this Agreement by Grantee, hereby irrevocably constitutes and appoints each of Steven L. Chuslo, Jeffrey A. Lipson and Katherine M. Dent (or a substitute appointed by any such person) as his, her or its attorney-in-fact, proxy and agent with full power of substitution to take any and all actions and execute and deliver any of the following agreements on Grantee's behalf and in Grantee's name: (i) the Partnership Agreement and any amendment to the Partnership Agreement (including any power of attorney included in the Partnership Agreement), and (ii) any other related agreements on Grantee's behalf and in Grantee's name, as may be deemed by any such attorney-in-fact as necessary or desirable to effectuate the transactions contemplated in this Agreement or any related agreements, and the other transactions described herein or therein. Grantee hereby grants to each such attorney-in-fact full power and authority to do and perform each and every act and thing which may be necessary, or convenient, in connection with the foregoing, as fully, to all intents and purposes, as Grantee might or could do if personally present, hereby ratifying and confirming all that each such attorney-in-fact shall lawfully do or cause to be done by authority hereof. Such power of attorney shall be deemed to be coupled with an interest and shall be irrevocable and shall survive the death, disability or dissolution of Grantee.
13. **Waiver.** The failure of Grantee or the Company to insist upon strict compliance with any provision of this Agreement or the Plan, or to assert any right Grantee or the Company, respectively, may have under this Agreement or the Plan, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement or the Plan.
14. **Notices.** Notices hereunder shall be mailed or delivered to the Partnership at its principal place of business and shall be mailed or delivered to Grantee at the address on file with the Partnership or, in either case, at such other address as one party may subsequently furnish to the other party in writing.
15. **Consent to Electronic Delivery.** Grantee agrees that the Company or the Partnership may deliver by email all documents relating to the Plan or the LTIP Units granted herein (including without limitation, a copy of the Plan) and all other documents that the Company or Partnership is required to deliver to its security holders (including, without limitation, disclosures that may be required by the Securities Exchange Commission). Grantee also agrees that the Company or the Partnership may deliver these documents by posting them on a website maintained by the Company or by a third-party under contract with the Company. If the Company posts these documents on a website, it shall notify Grantee by email.
16. **Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original and all of which together shall constitute one and the same instrument. Facsimile or electronic submission of any signed original document or retransmission of any signed facsimile or other electronic transmission will be deemed the same as delivery of an original.
17. **Severability.** In the event that one or more provisions of this Agreement should, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement, and this Agreement shall be construed as if such invalid, illegal or unenforceable provisions had never been contained herein.
18. **Headings.** Section, paragraph and other headings and captions are provided solely as a convenience to facilitate reference. Such headings and captions shall not be deemed in any way material or relevant to the construction, meaning or interpretation of this Agreement or any term or provision hereof.
19. **Governing Law.** This Agreement and all claims or disputes arising out of or based upon this Agreement or relating to the subject matter hereof shall be governed by, and construed in accordance with, the laws of the State of Maryland, applied without regard to conflict of law principles or rules that would cause the application of the domestic substantive laws of any other jurisdiction.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first above written.

ANNEX B

**ELECTION TO INCLUDE IN GROSS INCOME IN YEAR OF
TRANSFER OF PROPERTY PURSUANT TO SECTION 83(B)
OF THE INTERNAL REVENUE CODE**

The undersigned hereby makes an election pursuant to Section 83(b) of the Internal Revenue Code of 1986, as amended, to include in gross income in _____ as compensation for services rendered, the fair market value of the property received in connection with his/her services in excess of the amount paid for the property and supplies the following information in accordance with the regulations promulgated thereunder:

1. The name, address and taxpayer identification number of the undersigned are:

Name: _____ (the "**Taxpayer**")

Address: _____

Social Security No./Taxpayer Identification No.: _____

2. Description of property with respect to which the election is being made:

The election is being made with respect to _____ LTIP Units in Hannon Armstrong Sustainable Infrastructure, L.P., (the "**Partnership**").

3. The date on which the LTIP Units were transferred is _____.

4. The taxable year to which this election relates is calendar year _____.

5. Nature of restrictions to which the LTIP Units are subject:

(a) Until the LTIP Units vest, the Taxpayer may not transfer in any manner any portion of the LTIP Units without the consent of the Partnership.

(b) The LTIP Units are subject to forfeiture on certain terminations of services.

6. The fair market value at time of transfer (determined without regard to any restrictions other than restrictions which by their terms will never lapse) of the LTIP Units with respect to which this election is being made was \$0 per LTIP Unit.

7. The amount paid by the Taxpayer for the LTIP Units was \$0 per LTIP Unit.

8. The amount to be included in gross income is \$0.

9. A copy of this statement has been furnished to the Partnership and to its general partner, Hannon Armstrong Sustainable Infrastructure Capital, Inc.

The Taxpayer will file this election with the Internal Revenue Service office with which the Taxpayer files his or her annual income tax return no later than 30 days after the date of transfer of the property. Additionally, the Taxpayer will include a copy of the election with his or her income tax return for the taxable year in which the property is transferred. The Taxpayer is the person performing the services in connection with which the property was transferred.

HANNON ARMSTRONG SUSTAINABLE INFRASTRUCTURE, L.P. [20--] LTIP UNIT AWARD AGREEMENT

[20--] Time-Based LTIP Units

THIS [20--] LTIP UNIT AWARD AGREEMENT (“Agreement”) is made by and between Hannon Armstrong Sustainable Infrastructure, L.P., a Delaware limited partnership (the “Partnership”) and HASI Management HoldCo LLC, a Delaware limited liability company (the “Company,” which in this Agreement is the “Grantee”), dated as of [----].

WHEREAS, the general partner of the Partnership has determined that it is appropriate to grant [20--] Time-Based LTIP Units of the Partnership to the Grantee.

NOW, THEREFORE, IT IS HEREBY AGREED AS FOLLOWS:

1. Grant of [20--] Time-Based LTIP Units.

The Partnership hereby grants the Grantee [----] [20--] Time-Based LTIP Units of the Partnership which are each subject to the terms and conditions of this Agreement and further subject to the provisions of the Amended and Restated Limited Partnership Agreement of Hannon Armstrong Sustainable Infrastructure, L.P., a Delaware limited partnership (the “Partnership Agreement”). Capitalized terms used but not defined herein shall have the respective meanings ascribed thereto by the Partnership Agreement. To the extent the terms or conditions in this Agreement conflict with any provision of the Partnership Agreement, the terms and conditions set forth in the Partnership Agreement shall govern.

2. Restrictions and Conditions.

The [----] Time-Based LTIP Units awarded pursuant to this Agreement and the Partnership Agreement shall be subject to the following restrictions and conditions:

- (a) Subject to clause (c) below, the period of restriction with respect to the [20--] Time-Based LTIP Units granted hereunder (the “Restriction Period”) shall begin on the date hereof and lapse in accordance with the provisions of Schedule I attached hereto. Subject to the provisions of the Partnership Agreement and this Agreement, during the Restriction Period, the Grantee shall not be permitted voluntarily or involuntarily to sell, transfer, pledge, anticipate, alienate, encumber, assign or otherwise dispose of the [20--] Time-Based LTIP Units awarded under this Agreement (or have such shares attached or garnished).
- (b) Except as provided in the foregoing clause (a), below in this clause (b) or in the Partnership Agreement, the Grantee shall have, in respect of the [20--] Time-Based LTIP Units, all of the rights of a partner in the Partnership, including the right to receive distributions in respect of such [20--] Time-Based LTIP Units. Unless otherwise provided by the General Partner, the Grantee shall be entitled to receive any distributions on the [20--] Time-Based LTIP Units (whether or not then subject to a substantial risk of forfeiture) which have not been forfeited if and when distributions are made in respect of Partnership units generally.
- (c) The Company is a special purpose vehicle through which the members of the Company hold indirect interests in the Partnership. In order to determine equitably the rights and obligations of the Company and its members with respect to the grant of [20--] Time-Based LTIP Units to the Company, the General Partner shall be entitled to take all necessary actions and make any adjustments that are necessary or advisable to replicate, with respect to the [20--] Time-Based LTIP Units, the vesting, cancellation, forfeiture or failure to vest that occurs with respect to any corresponding [20--] Time-Based HoldCo Units. In furtherance of the foregoing, the [20--] Time-Based LTIP Units shall become vested and nonforfeitable when, as and if a corresponding number of [20--] Time-Based HoldCo Units become vested and nonforfeitable in accordance with the terms of limited liability company agreement of the Company and any applicable Unit Award Agreement with a member of the Company. Similarly, the [20--] Time-Based LTIP Units shall be forfeited by the Company without further consideration if and to the extent that a corresponding number of [20--] Time-Based HoldCo Units are forfeited by a member of the Company.

3. Distributions.

Distributions on the [20--] Time-Based LTIP Units shall be paid to Grantee in accordance with the terms of the Partnership Agreement; provided, however, that notwithstanding Section 13.02(a)(iv) of the Partnership Agreement, upon a Liquidating Event, distributions in respect of the [20--] Time-Based LTIP Units pursuant to Section 13.02(a)(iv) of the Partnership Agreement shall not exceed the lesser of (i) the amount provided to be distributed in respect of the [20--] Time-Based LTIP Units under Section 13.02(a)(iv) of the Partnership Agreement and (ii) the amount that would be distributed in respect of the [20--] Time-Based LTIP Units under Section 13.02(a)(iv) of the Partnership Agreement if such provision provided for distribution to the Partners and Assignees in accordance with their Capital Account balances, after giving effect to all contributions, distributions and allocations for all periods.

4. Miscellaneous.

- (a) **THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE, WITHOUT REGARD TO ANY PRINCIPLES OF CONFLICTS OF LAW WHICH COULD CAUSE THE APPLICATION OF THE LAWS OF ANY JURISDICTION OTHER THAN THE STATE OF DELAWARE.** The captions of this Agreement are not part of the provisions hereof and shall have no force or effect. This Agreement may not be amended or modified except by a written agreement executed by the parties hereto or their respective successors and legal representatives. The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.
- (b) The General Partner may make such rules and regulations and establish such procedures for the administration of this Agreement as it deems appropriate. Without limiting the generality of the foregoing, the General Partner may in good faith interpret this Agreement, with such interpretations to be conclusive and binding on all persons and otherwise accorded the maximum deference permitted by law, provided that the General Partner's interpretation shall not be entitled to deference on and after a Change in Control except to the extent that such interpretations are made exclusively by a General Partner who is comprised of one or more individuals who served on the Compensation Committee of the Board of Directors of Hannon Armstrong Sustainable Infrastructure Capital, Inc. (the "**REIT**") before the Change in Control and take any other actions and make any other determinations or decisions that it deems necessary or appropriate in connection with the Partnership Agreement, this Agreement or the administration or interpretation thereof. In the event of any dispute or disagreement as to interpretation of the Partnership Agreement or this Agreement or of any rule, regulation or procedure, or as to any question, right or obligation arising from or related to the Partnership Agreement or this Agreement, the decision of the General Partner in accordance with the foregoing provisions of this Paragraph 3(b) shall be final and binding upon all persons.
- (c) All notices hereunder shall be in writing, and if to the Partnership or the General Partner, shall be delivered to the Partnership or mailed to its principal office, addressed to the attention of the General Partner; and if to the Grantee, shall be delivered personally, sent by facsimile transmission or mailed to the Grantee at the address appearing in the records of the Company. Such addresses may be changed at any time by written notice to the other party given in accordance with this Paragraph 3(c).
- (d) Without limiting the Grantee's rights as may otherwise be applicable in the event of a Change in Control, if the Partnership shall be consolidated or merged with another corporation or other entity, the Grantee may be required to deposit with the successor corporation any certificates for the stock or securities or the other property that the Grantee is entitled to receive by reason of ownership of [20--] Time-Based LTIP Units in a manner consistent with the Partnership Agreement, and such stock, securities or other property shall become subject to the restrictions and requirements imposed under this Agreement and the Partnership Agreement, and the certificates therefor or other evidence shall bear a legend similar in form and substance to the legend set forth in the Partnership Agreement.
- (e) Unless otherwise provided by the General Partner, any shares or other securities distributed to the Grantee with respect to [20--] Time-Based LTIP Units or otherwise issued in substitution of [20--] Time-Based LTIP Units shall be subject to the restrictions and requirements imposed by this Agreement and the Partnership Agreement, including depositing the certificates therefor with the Company together with a stock power and bearing a legend as provided in the Partnership Agreement.
- (f) The failure of the Grantee or the Partnership to insist upon strict compliance with any provision of this Agreement or the Partnership Agreement, or to assert any right the Grantee or the Partnership, respectively, may have under this Agreement or the Partnership Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement or the Partnership Agreement.
- (g) The Partnership shall be entitled to withhold from any payments or deemed payments any amount of tax withholding it determines to be required by law.
- (h) This Agreement contains the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior agreements, written or oral, with respect thereto.
- (i) This Agreement may be executed in any number of counterparts, including via facsimile, each of which shall be deemed to be an original and all of which together shall be deemed to be one and the same instrument.
- (j) Except as otherwise provided in the Partnership Agreement, no amendment or modification hereof shall be valid unless it shall be in writing and signed by all parties hereto.

- (k) The Grantee is an “accredited investor” as defined under Rule 501 of Regulation D of the Securities Act of 1933, as amended (the “Securities Act”). Grantee has duly executed and delivered to the Company an accredited investor questionnaire in the form attached as Annex A hereto indicating the basis for such representation. Grantee is capable of evaluating the merits and risks of the acquisition and ownership of the [20--] Time-Based LTIP Units and has obtained all information regarding the Partnership (and its applicable affiliates) and the [20--] Time-Based LTIP Units as Grantee deems appropriate, and has relied solely upon such information, and Grantee’s own knowledge, experience and investigation, and those of his, her or its advisors, and not upon any representations of the Partnership and/or the Company, in connection with its investment decision in acquiring the [20--] Time-Based LTIP Units. Grantee and his, her or its professional advisors have had an opportunity to conduct, and have so conducted if so desired, a due diligence investigation of the Partnership in connection with the decision to acquire the [20--] Time-Based LTIP Units and in such regard have done all things as Grantee and they have deemed appropriate and have had an opportunity to ask questions of and receive answers from the Partnership and the Company, and have done so, as they have deemed appropriate.
- (l) The Grantee shall execute the Joinder Agreement attached as Annex B hereto.

(the remainder of the page left intentionally blank)

IN WITNESS WHEREOF, the Partnership and the Grantee have executed this Agreement as of the day and year first above written.

ANNEX A

ACCREDITED INVESTOR QUESTIONNAIRE

This Questionnaire is being provided as of this ___ day of [----] in accordance with the provisions of that certain “Hannon Armstrong Sustainable Infrastructure, L.P. [20--] LTIP Unit Award Agreement” dated as of [----] (the “**Agreement**”). Unless otherwise defined herein, all capitalized terms have the meaning set forth in the Agreement.

The undersigned represents and warrants to the Company that it is an “accredited investor” within the meaning given to such term under Rule 501 of Regulation D under the Securities Act and has initialed the applicable statement below.

FOR INDIVIDUALS [Entities should complete the section below]

Please check the appropriate description which applies to you.

(a) _____ I am a natural person whose individual net worth, or joint net worth with my spouse, exceeds \$1,000,000. For purposes of this item question, "net worth" means the excess of total assets at fair market value (including personal and real property, but excluding the estimated fair market value of a person's primary home) over total liabilities. Total liabilities excludes any mortgage on the primary home in an amount of up to the home's estimated fair market value as long as the mortgage was incurred more than 60 days before the securities are purchased, but includes (i) any mortgage amount in excess of the home's fair market value and (ii) any mortgage amount that was borrowed during the 60-day period before the closing date for the sale of securities for the purpose of investing in the [20--] Time-Based LTIP Units.

(b) _____ I am a natural person who had individual income exceeding \$200,000 in each of the last two calendar years and I have a reasonable expectation of reaching the same income level in the current calendar year.

(c) _____ I am a natural person who had joint income with my spouse exceeding \$300,000 in each of the last two calendar years and I have a reasonable expectation of reaching the same income level in the current calendar year, as defined above.

(d) _____ I am a director, executive officer or general partner of the Partnership, or a director, executive officer or general partner of a general partner of the Partnership. (For purposes of this question, executive officer means the president; any vice president in charge of a principal business unit, division or function, such as sales, administration or finance; or any other person or persons who perform(s) similar policymaking functions for the Partnership.)

FOR ENTITIES

Please check the appropriate description which applies to you.

(a) _____ A bank, as defined in Section 3(a)(2) of the Securities Act or any savings and loan association or other institution as defined in Section 3(a)(5)(A) of the Securities Act, whether acting in an individual or a fiduciary capacity.

(b) _____ A broker or dealer registered under Section 15 of the Securities Exchange Act of 1934, as amended.

(c) _____ An insurance company, as defined in Section 2(13) of the Securities Act.

(d) _____ An investment company registered under the Investment Company Act of 1940 or a business development company, as defined in Section 2(a)(48) of that act.

(e) _____ A Small Business Investment Company licensed by the U.S. Small Business Administration under Section 301(c) or (d) of the Small Business Investment Act of 1958.

(f) _____ A plan established and maintained by a state, its political subdivisions or any agency or instrumentality of a state or its political subdivisions for the benefit of its employees, if the plan has total assets in excess of \$5 million.

(g) _____ An employee benefit plan within the meaning of Title I of the Employee Retirement Income Security Act of 1974, if the investment decision is being made by a plan fiduciary, as defined in Section 3(21) of such act, and the plan fiduciary is either a bank, an insurance company, or a registered investment adviser, or if the employee benefit plan has total assets in excess of \$5 million.

(h) _____ A private business development company, as defined in Section 202(a)(22) of the Investment Advisers Act of 1940.

(i) _____ A corporation, Massachusetts or similar business trust, or partnership, or an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, that was not formed for the specific purpose of acquiring the [20--] Time-Based LTIP Units, and that has total assets in excess of \$5 million.

(j) _____ A trust with total assets in excess of \$5 million not formed for the specific purpose of acquiring the [20--] Time-Based LTIP Units, whose purchase is directed by a sophisticated person as described in Rule 506(b)(2)(ii) under the Securities Act.

(k) X An entity in which all of the equity owners are accredited investors and meet the criteria listed for individuals listed above in this Questionnaire.

Dated as of this ___ day of [---].

HASI Management HoldCo LLC

BY: _____
MANAGING MEMBER

HANNON ARMSTRONG SUSTAINABLE INFRASTRUCTURE, L.P. [20--] LTIP UNIT AWARD AGREEMENT

[20--] PERFORMANCE-BASED LTIP UNITS

This [20--] LTIP UNIT Award Agreement (this “Agreement”), dated as of [----] (the “Date of Grant”), is made by and between Hannon Armstrong Sustainable Infrastructure, L.P., a Delaware limited partnership (the “Partnership”) and HASI Management HoldCo LLC, a Delaware limited liability company (the “Company”, which in this Agreement shall be the “Grantee”). Where the context permits, references to the Company shall include any successor to the Company.

1. Grant of [20--] Performance-Based LTIP Units. The Partnership hereby grants to the Grantee [----] [20--] Performance-Based LTIP Units, subject to all of the terms and conditions of this Agreement and the Limited Partnership Agreement (the “Partnership Agreement”) of Hannon Armstrong Sustainable Infrastructure, L.P., a Delaware limited partnership (the “Partnership”). Capitalized terms used but not defined herein shall have the respective meanings ascribed thereto by the Partnership Agreement. To the extent the terms or conditions in this Agreement conflict with any provision of the Partnership Agreement, the terms and conditions set forth in the Partnership Agreement shall govern.
2. Restrictions.
 - (a) The [20--] Performance-Based LTIP Units may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of or encumbered. The transfer restrictions contained in the preceding sentence shall not apply to (i) transfers to the Partnership, or (ii) transfers of [20--] Performance-Based LTIP Units by will or the laws of descent and distribution. The [20--] Performance-Based LTIP Units shall be fully vested and non-forfeitable upon the satisfaction of any requirements or restrictions otherwise contained in this Agreement.
3. Allocations and Distributions.
 - (a) Notwithstanding anything in the Partnership Agreement to the contrary, including without limitation Section 4.06 of the Partnership Agreement, any distributions that otherwise would have been made in respect of the [20--] Performance-Based LTIP Units granted herein during the period that such [20--] Performance-Based LTIP Units have not fully vested under Exhibit A (the “Performance Period”) shall be retained by the Partnership and paid to Grantee as soon as reasonably practicable following the completion of the Performance Period, if, and to the extent that, the [20--] Performance-Based LTIP Units become vested and are not forfeited. Solely by way of illustration and not intended to be a limitation, if only 50% of the [20--] Performance-Based LTIP Units become vested and nonforfeitable, unpaid distributions in respect of only 50% of the [20--] Performance-Based LTIP Units will be paid following the end of the Performance Period.
 - (b) Notwithstanding Section 13.02(a)(iv) of the Partnership Agreement, upon a Liquidating Event, distributions in respect of the [20--] Performance-Based LTIP Units pursuant to Section 13.02(a)(iv) of the Partnership Agreement shall not exceed the lesser of (i) the amount provided to be distributed in respect of the [20--] Performance-Based LTIP Units under Section 13.02(a)(iv) of the Partnership Agreement and (ii) the amount that would be distributed in respect of the [20--] Performance-Based LTIP Units under Section 13.02(a)(iv) of the Partnership Agreement if such provision provided for distribution to the Partners and Assignees in accordance with their Capital Account balances, after giving effect to all contributions, distributions and allocations for all periods.
 - (c) Notwithstanding any provision of the Partnership Agreement to the contrary, no allocations shall be made in respect of [20--] Performance-Based LTIP Units pursuant to Section 6.02 of the Partnership Agreement unless and until the LTIP Units become vested and nonforfeitable, unless otherwise determined by the General Partner in its reasonable discretion. The foregoing shall not limit allocations in respect of [20--] Performance-Based LTIP Units pursuant to Section 6.03 of the Partnership Agreement.
4. Restrictive Covenants. Nothing contained herein shall reduce or limit the application or scope of any restrictive covenants in favor of Hannon Armstrong Sustainable Infrastructure Capital, Inc. (the “REIT”) (for example, with respect to competition, solicitation, confidentiality, interference or disparagement) to which a member of the Grantee is otherwise subject.
5. Tax Liability. The Grantee is responsible for all taxes and any tax-related penalties the Grantee incurs in connection with any award made in accordance with this Agreement.
6. Section 409A Compliance. Any award made in accordance with this Agreement is intended to be exempt from Section 409A and to be interpreted in a manner consistent therewith. Notwithstanding anything to the contrary contained in this Agreement, to the extent that the Partnership determines that the [20--] Performance-Based LTIP Unit is subject to Section 409A and fails to comply with the requirements of Section 409A, the Partnership reserves the right (without any obligation to do so or to indemnify the Grantee for failure to do so), without the consent of the Grantee, to amend or terminate the Agreement and/or to amend, restructure, terminate or replace the [20--] Performance-Based LTIP Unit in order to cause the [20--] Performance-Based LTIP Unit to either not be subject to Section 409A or to comply with the applicable provisions of such section. In no event shall the Partnership (or any employee or director thereof) have any liability to the Grantee or any other Person due to the failure of any award made in accordance with this Agreement to satisfy the requirements of Section 409A.

7. Governing Law; Choice of Venue. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE, WITHOUT REGARD TO ANY PRINCIPLES OF CONFLICTS OF LAW WHICH COULD CAUSE THE APPLICATION OF THE LAWS OF ANY JURISDICTION OTHER THAN THE STATE OF DELAWARE. The captions of this Agreement are not part of the provisions hereof and shall have no force or effect. This Agreement may not be amended or modified except by a written agreement executed by the parties hereto or their respective successors and legal representatives. The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.
8. Agreement Binding on Successors. The terms of this Agreement shall be binding upon the Grantee and upon the Grantee's heirs, executors, administrators, personal representatives, transferees, assignees and successors in interest and upon the Company and its successors and assignees.
9. No Assignment. Subject to the second sentence of Section 2(a), neither this Agreement nor any rights granted herein shall be assignable by the Grantee other than (with respect to any rights that survive a member of the Grantee's death) by will or the laws of descent and distribution. No purported sale, assignment, mortgage, hypothecation, transfer, pledge, encumbrance, gift, transfer in trust (voting or other) or other disposition of, or creation of a security interest in or lien on, any [20--] Performance-Based LTIP Units by any holder thereof in violation of the provisions of this Agreement will be valid, and the Company will not transfer any of said [20--] Performance-Based LTIP Units on its books nor will any [20--] Performance-Based LTIP Units be entitled to vote, nor will any distributions be paid thereon, unless and until there has been full compliance with said provisions to the satisfaction of the Partnership. The foregoing restrictions are in addition to and not in lieu of any other remedies, legal or equitable, available to enforce said provisions.
10. Necessary Acts. The Grantee hereby agrees to perform all acts, and to execute and deliver any documents, that may be reasonably necessary to carry out the provisions of this Agreement, including but not limited to all acts and documents related to compliance with securities, tax and other applicable laws and regulations.
11. Representations and Warranties of the Grantee. The Grantee hereby represents and warrants to the Company that:
 - (a) The [20--] Performance-Based LTIP Units are being acquired for the Grantee's own account, only for investment purposes and not with a view to, or for resale in connection with, any public distribution or public offering thereof within the meaning of the Act.
 - (b) The Grantee understands and acknowledges that the [20--] Performance-Based LTIP Units offered pursuant to this Agreement have not been registered under the Act or any other securities laws and is not being offered for resale in transactions that do not require registration under the Act or any other securities laws and, therefore, the [20--] Performance-Based LTIP Units will be characterized as "restricted securities" under the Act and such laws and may not be sold unless the [20--] Performance-Based LTIP Units are subsequently registered under the Act and qualified under state law or unless an exemption from such registration and such qualification is available.
 - (c) The Grantee has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of the Grantee's prospective acquisition of the [20--] Performance-Based LTIP Units, and/or has and will rely upon the advice of his/her own legal counsel, tax advisors, and/or investment advisors to do so, and has the ability to bear the economic risks of the Grantee's prospective acquisition.
 - (d) The Grantee agrees that it has had access to such financial and other information concerning the Company and the [20--] Performance-Based LTIP Units as it has deemed necessary in connection with acquisition of the [20--] Performance-Based LTIP Units, including an opportunity to ask questions of and request information from the Partnership.
 - (e) The General Partner may make such rules and regulations and establish such procedures for the administration of this Agreement as it deems appropriate. Without limiting the generality of the foregoing, the General Partner may, in good faith, (i) interpret this Agreement, with such interpretations to be conclusive and binding on all persons and otherwise accorded the maximum deference permitted by law, provided that the General Partner's interpretation shall not be entitled to deference on and after a Change in Control except to the extent that such interpretations are made exclusively by a General Partner who is comprised of one or more individuals who served on the Compensation Committee of the Board of Directors of the REIT before the Change in Control; and (ii) take any other actions and make any other determinations or decisions that it deems necessary or appropriate in connection with this Agreement or the administration or interpretation thereof. In the event of any dispute or disagreement as to the interpretation of this Agreement or of any rule, regulation or procedure, or as to any question, right or obligation arising from or related to this Agreement, the decision of the General Partner shall be final and binding upon all persons.
12. Limitation on the Grantee's Rights; Not a Trust. The [20--] Performance-Based LTIP Units granted hereunder confer no rights or interests other than as herein provided.

13. Severability. Should any provision of this Agreement be held by a court of competent jurisdiction to be unenforceable, or enforceable only if modified, such holding shall not affect the validity of the remainder of this Agreement, the balance of which shall continue to be binding upon the parties hereto with any such modification (if any) to become a part hereof and treated as though contained in this original Agreement. Moreover, if one or more of the provisions contained in this Agreement shall for any reason be held to be excessively broad as to scope, activity, subject or otherwise so as to be unenforceable, then in lieu of severing such unenforceable provision or provisions, it or they shall be construed by the appropriate judicial body by limiting or reducing it or them, so as to be enforceable to the maximum extent compatible with the applicable law as it shall then appear, and such determination by a judicial body shall not affect the enforceability of such provisions or provisions in any other jurisdiction.
14. Failure to Enforce Not a Waiver. The failure of the Company to enforce at any time any provision of this Agreement shall in no way be construed to be a waiver of that provision or of any other provision hereof.
15. Entire Agreement. This Agreement contains the entire agreement and understanding among the parties as to the subject matter hereof and supersedes all prior writings or understandings with respect to the grant of [20--] Performance-Based LTIP Units covered by this Agreement. The Grantee acknowledges that any summary of this Agreement provided by the Company is subject in its entirety to the terms of this Agreement. References herein to this Agreement include references to its Exhibits.
16. Headings. Headings are used solely for the convenience of the parties and shall not be deemed to be a limitation upon or description of the contents of any such Section.
17. Counterparts. This Agreement may be executed in any number of counterparts, including via facsimile or PDF, each of which shall be deemed to be an original and all of which together shall be deemed to be one and the same instrument.
18. Amendment. Except as otherwise provided in Section 7, no amendment or modification hereof shall be valid unless it shall be in writing and signed by all parties hereto.
19. Acknowledgements and Representations. The Grantee is aware that [20--] Performance-Based LTIP Unit may be of no practical value. The Grantee has read and understands the restrictions and limitations set forth in this Agreement, which are imposed on the [20--] Performance-Based LTIP Units and the [20--] Performance-Based LTIP Unit. The Grantee confirms that the Grantee has not relied on any warranty, representation, assurance or promise of any kind whatsoever in entering into this Agreement other than as expressly set out in this Agreement.
20. Electronic Delivery. The Company may, in its sole discretion, decide to deliver any documents related to the Agreement by electronic means. The Grantee hereby consents to receive such documents by electronic delivery through an online or electronic system established and maintained by the Company or a third party designated by the Company.
21. The Grantee is an “accredited investor” as defined under Rule 501 of Regulation D of the Securities Act of 1933, as amended (the “Securities Act”). Grantee has duly executed and delivered to the Company an accredited investor questionnaire in the form attached as Exhibit B hereto indicating the basis for such representation. Grantee is capable of evaluating the merits and risks of the acquisition and ownership of the [20--] Performance-Based LTIP Units and has obtained all information regarding the Partnership (and its applicable affiliates) and the [20--] Performance-Based LTIP Units as Grantee deems appropriate, and has relied solely upon such information, and Grantee’s own knowledge, experience and investigation, and those of his, her or its advisors, and not upon any representations of the Partnership and/or the Company, in connection with his, her or its investment decision in acquiring the [20--] Performance-Based LTIP Units. Grantee and his, her or its professional advisors have had an opportunity to conduct, and have so conducted if so desired, a due diligence investigation of the Partnership in connection with the decision to acquire the [20--] Performance-Based LTIP Units and in such regard have done all things as Grantee and they have deemed appropriate and have had an opportunity to ask questions of and receive answers from the Partnership and the Company, and have done so, as they have deemed appropriate.
- 22.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date set forth above.

EXHIBIT A

1. Subject to Section 2
below:

[Insert terms of [20--] Performance-Based LTIP Units issuance.]

2. The Company is a special purpose vehicle through which the members of the Company hold indirect interests in the Partnership. In order to determine equitably the rights and obligations of the Company and its members with respect to the grant of [20--] Performance-Based LTIP Units to the Company, the General Partner shall be entitled to take all necessary actions and make any adjustments that are necessary or advisable to replicate, with respect to the [20--] Performance-Based LTIP Units, the vesting, cancellation, forfeiture or failure to vest that occurs with respect to any corresponding [20--] Performance-Based HoldCo Units. In furtherance of the foregoing, the [20--] Performance-Based LTIP Units shall become vested and nonforfeitable when, as and if a corresponding number of [20--] Performance-Based HoldCo Units become vested and nonforfeitable in accordance with the terms of limited liability company agreement of the Company and any applicable Unit Award Agreement with a member of the Company. Similarly, the [20--] Performance-Based LTIP Units shall be forfeited by the Company without further consideration if and to the extent that a corresponding number of [20--] Performance-Based HoldCo Units are forfeited by a member of the Company.

EXHIBIT B

ACCREDITED INVESTOR QUESTIONNAIRE

This Questionnaire is being provided as of this [---] day of [----] in accordance with the provisions of that certain “Hannon Armstrong Sustainable Infrastructure, L.P. [20--] LTIP Unit Award Agreement” dated as of [----] (the “**Agreement**”). Unless otherwise defined herein, all capitalized terms have the meaning set forth in the Agreement.

The undersigned represents and warrants to the Company that it is an “accredited investor” within the meaning given to such term under Rule 501 of Regulation D under the Securities Act and has initialed the applicable statement below.

FOR INDIVIDUALS [*Entities should complete the section below*]

Please check the appropriate description which applies to you.

(a) _____ I am a natural person whose individual net worth, or joint net worth with my spouse, exceeds \$1,000,000. For purposes of this item question, “net worth” means the excess of total assets at fair market value (including personal and real property, but excluding the estimated fair market value of a person’s primary home) over total liabilities. Total liabilities excludes any mortgage on the primary home in an amount of up to the home’s estimated fair market value as long as the mortgage was incurred more than 60 days before the securities are purchased, but includes (i) any mortgage amount in excess of the home’s fair market value and (ii) any mortgage amount that was borrowed during the 60-day period before the closing date for the sale of securities for the purpose of investing in the [20--] Performance-Based LTIP Units.

(b) _____ I am a natural person who had individual income exceeding \$200,000 in each of the last two calendar years and I have a reasonable expectation of reaching the same income level in the current calendar year.

(c) _____ I am a natural person who had joint income with my spouse exceeding \$300,000 in each of the last two calendar years and I have a reasonable expectation of reaching the same income level in the current calendar year, as defined above.

(d) _____ I am a director, executive officer or general partner of the Partnership, or a director, executive officer or general partner of a general partner of the Partnership. (For purposes of this question, executive officer means the president; any vice president in charge of a principal business unit, division or function, such as sales, administration or finance; or any other person or persons who perform(s) similar policymaking functions for the Partnership.)

FOR ENTITIES

Please check the appropriate description which applies to you.

- (a) _____ A bank, as defined in Section 3(a)(2) of the Securities Act or any savings and loan association or other institution as defined in Section 3(a)(5)(A) of the Securities Act, whether acting in an individual or a fiduciary capacity.
- (b) _____ A broker or dealer registered under Section 15 of the Securities Exchange Act of 1934, as amended.
- (c) _____ An insurance company, as defined in Section 2(13) of the Securities Act.
- (d) _____ An investment company registered under the Investment Company Act of 1940 or a business development company, as defined in Section 2(a)(48) of that act.
- (e) _____ A Small Business Investment Company licensed by the U.S. Small Business Administration under Section 301(c) or (d) of the Small Business Investment Act of 1958.
- (f) _____ A plan established and maintained by a state, its political subdivisions or any agency or instrumentality of a state or its political subdivisions for the benefit of its employees, if the plan has total assets in excess of \$5 million.
- (g) _____ An employee benefit plan within the meaning of Title I of the Employee Retirement Income Security Act of 1974, if the investment decision is being made by a plan fiduciary, as defined in Section 3(21) of such act, and the plan fiduciary is either a bank, an insurance company, or a registered investment adviser, or if the employee benefit plan has total assets in excess of \$5 million.
- (h) _____ A private business development company, as defined in Section 202(a)(22) of the Investment Advisers Act of 1940.
- (i) _____ A corporation, Massachusetts or similar business trust, or partnership, or an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, that was not formed for the specific purpose of acquiring the [20--] Performance-Based LTIP Units, and that has total assets in excess of \$5 million.
- (j) _____ A trust with total assets in excess of \$5 million not formed for the specific purpose of acquiring the [20--] Performance-Based LTIP Units, whose purchase is directed by a sophisticated person as described in Rule 506(b)(2)(ii) under the Securities Act.
- (k) X An entity in which all of the equity owners are accredited investors and meet the criteria listed for individuals listed above in this Questionnaire.

**EXHIBIT 31.1
CERTIFICATIONS**

I, Jeffrey W. Eckel, certify that:

I have reviewed this Quarterly Report on Form 10-Q of Hannon Armstrong Sustainable Infrastructure Capital, Inc. (the "registrant");

1. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
2. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
3. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal controls over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an Annual Report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
4. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the Audit Committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
